Operations Director**

Dear Sir

RE: PERMISSION TO UNDERTAKE SURVEY FOR THE AREA FOR ESTABLISHING AN AIRSTRIP

Sesfontein Conservancy hereby confirm and grant permission to Natural Selection to undertake the necessary steps and activities required for the EIA process in surveying the areas around Tsuxub for establishing an airstrip. See map attached.

For any queries, please contact the undersigned.

Yours Faithfully

**U. Nuab
Chairperson**

TO WHOM IT MAY CONCERN

RE: REQUIREMENT FOR A PUBLIC MEETING FOR THE CONSTRUCTION OF AN AIRSTRIP FOR OUR EXISTING MOU FOR HOANIB VALLEY CAMP

The letter dated 02 October 2024 (attached also referred to), that Sesfontein Conservancy has granted permission to Natural Selection Ltd (PTY) to construct an Airstrip for our existing MOU with regards to the Hoanib Valley Camp.

Natural Selection Ltd (PTY) appointed Trinity Environmental Solutions CC to conduct an independent EIA for this airstrip. Due to the location of the Airstrip, we (Trinity Environmental Solutions cc and the Sesfontein Conservancy) agreed that a Public Meeting will not be necessary. But a Site Notice Board should be put up to inform other area users.

It is also important to note that the Airstrip will be constructed within an area exclusively managed by the Sesfontein Conservancy for the benefit of our people and wildlife.

Should you need more information, please contact us or Trinity Environmental Solutions CC trinityenvir@iway.na or tes.namibia@gmail.com or 0811707737.

Yours Faithfully,
