

APPENDIX B: CONSENT LETTER OR SUPPORT DOCUMENT FROM RELEVANT
AUTHORITY

15th July 2025

The Executive Director
Mr. Teofilus Nghitila
Ministry of Environment, Tourism and Forestry
P/Bag 13306, Windhoek

Dear Sir,

RE: REQUEST FOR CONSENT LETTER TO CONDUCT EXPLORATION ACTIVITIES ON EPL 9490 WITHIN DOROB NATIONAL PARK.

I hope this letter finds you well. I am writing on behalf of our client, the holder of Exclusive Prospecting License (EPL) 9490, to formally request a consent letter from your esteemed Ministry to conduct exploration activities within the designated area of Dorob National Park.

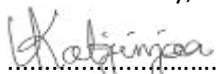

As part of our commitment to responsible and sustainable mineral exploration, we have undertaken thorough assessments to ensure minimal environmental impact while adhering to all relevant regulations. The proposed exploration activities are crucial for assessing the mineral potential of the area, which could contribute significantly to the national economy while ensuring environmental preservation.

Attached for your reference (Annexure 1) is a detailed locality map outlining the specific area of interest within EPL 9490 that falls within Dorob National Park. We assure your office that all activities will comply with environmental safeguards and any additional conditions set forth by your Ministry.

We kindly request your approval to proceed with the necessary exploration activities and would appreciate your guidance on any further requirements or procedures to facilitate this process. Please let us know if a meeting or additional documentation is needed to support our application.

We look forward to your positive consideration and remain available for any further clarifications. Thank you for your time and assistance. For any queries, kindly contact via email: UKatjinjaa@ssconsultant.co or mobile: 0814779623/0817382934.

Yours sincerely,

Uaanao Katjinjaa
