Dear Sir

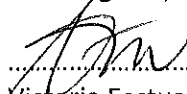

RE: CONSENT LETTER FOR ENVIROMENTAL IMPACT ASSESSMENT

Following the meeting with #Gaingu Conservancy Committee Members, on 15 August 2025 at the Spitzkoppe, we have taken note that, for the Environmental Impact Assessment (EIA) you are required by the Ministry of Environment Tourism and Forestry (METF) to acquire consent from #Gaingu Conservancy, therefore hereby we grant you the necessary consent.

Upon completion of the EIA process and granting of the EIA Clearance Certificate, the project proponent must engage the leadership of the conservancy and the Traditional Authority (TA) to discuss business operational terms, conditions and requirements. Discussing and agreeing on how the broader community and the conservancy interest will be represented in the operations of the envisaged project is extremely important.

We look forward to hearing from your esteem office.

Kind Regards,

.....
Victoria Festus

Chairperson: #Gaingu Conservancy
