Australia players' union slams Fifa over 2034 Saudi World Cup

ustralia's professional soccer player's union has condemned the awarding of the 2034 World Cup to Saudi Arabia, saying significant human rights' risks are attached to the tournament, while questioning Fifa's ability to prevent harm from occurring.

Fifa officially awarded the World Cup to the kingdom on Wednesday, with the sole bid for the tournament confirmed by acclamation.

Professional Footballers Australia boss Beau Busch said it was crucial for the international soccer community to hold Fifa accountable for the decision.

Thesignificanthumanrights risks linked to this tournament are well-documented," Busch said in a statement emailed to

Reuters yesterday.
"By securing hosting rights to the global game's most prestigious event, Saudi Arabia and Fifa must ensure the rights of everyone affected by the 2034 Men's World Cup are upheld and safeguarded.

"However, Fifa's ongoing

governance failures and lack of accountability to its own human rights' commitments leave no assurance that harm can or will

be prevented."

The Saudi government communications office and Fifa did not immediately respond to requests for comment yesterday.

Saudi Arabia denies accusations of human rights abuses, and says it protects its national security through its laws.

Fifa's decision has drawn criticism from an array of organisations, including migrant workers groups, trade unions and LGBT activists concerned about the kingdom's human rights record.

Saudi Arabia confirmed its bid last year within minutes of Fifa announcing 2034 would be hosted in Asia or Oceania.

Fifa set a deadline of less than four weeks for nations to lodge rival bids

Though the Asian Football Confederation threw its support behind Saudi Arabia, Football Australia (FA) explored making

a joint bid with Indonesia,

before deciding against it.

Australia's players were critical of 2022 World Cup hosts Qatar, with the men's team releasing a video calling out the Gulf state's record on human rights and same-sex relationships.

Football Australia backed the players' stance on Qatar, and later objected to Saudi Arabian sponsorship of the 2023 Women's World Cup following reports the kingdom's government tourism agency would be a major sponsor of the tournament.

However, FA joined the majorityofinternationalfootball associations in showing support for the kingdom's 2034 bid. Saudi Arabia has demonstrated a strong commitment to hosting a world-class tournament, and we remain confident in Fifa's frameworks and the Fifa World Cup's capacity for positive change," FA said in a statement to Reuters.

Guardiola 'questioning self' after latest City loss at Juve

Pep Guardiola admitted that he is questioning himself as his Manchester City team slumped to yet another defeat at Juventus in the Champions League on Wednesday. City fell 2-0 in a freezing

Turin, their seventh defeat in 10 matches in all competitions putting their qualification for the last 16 at risk.

Asked by reporters whether he was questioning his management, Guardiola replied: "Yeah, of course."

'Of course, I question

myself in the good moments and the bad moments," said Guardiola.

"I was stable in the good moments and I'm stable in the bad moments... My biggest challenge is when they give me the opportunity to be a manager and get results to continue to work.

"If I would miss the big challenge in the first season, the second season, I wouldn't be here." English champions City are just one point above the bottom 12 places which

bring elimination from the Champions League.

Five points separate City from the top eight places and automatic qualification for the last 16, with matches against Paris Saint-Germain and Club Bruggeremaining in their league phase campaign.

City face local rivals Manchester United on Sunday in the Premier League, where Guardiola's team trail leaders Liverpool by eight points.

Public consultation meeting invitation for the Environmental Impact Assessment on

the proposed Exclusive Prospecting Licenses (EPL) No. 10003

Attachments:

BID_EPL 10003.pdf

Dear Esteemed Interested & Affected Party,

Codebreak Investments (Pty) Ltd (The Proponent) proposes to undertake prospecting and exploration activities on Exclusive Prospecting License (EPL) No. 10003 located 27km north-west of Otjiwarongo, Otjozondjupa Region.

Mineral prospecting and exploration is one of the listed activities that cannot be undertaken without an Environmental Clearance Certificate (ECC) as per the 2012 Environmental Impact Assessment (EIA) Regulations of the Environmental Management Act No. 7 of 2007. The Proponent, therefore, appointed Excel Dynamic Solutions (Pty) Ltd, an independent Environmental Consultants firm to conduct the required Environmental Scoping Assessment (ESA) process and apply for the ECC.

Furthermore, Sections 21 to 24 of the EIA Regulations require that Public Consultation is undertaken as one of the crucial components of the Environmental Assessment, which involves the pre-identification of potential Interested & Affected Parties (I&APs) or Stakeholders and ongoing registration of new I&APs and subsequent consultation. You have therefore been identified as a potential I&AP for this proposed activity, and the reason you are receiving this communication.

Please find the attached Background Information Document (BID) the proposed prospecting and exploration activities and the site notice as a public consultation invitation.

The EPL cover farms: Brunnental No. 7, Jagerhof No. 11, Nebraska holding No. 537, Northland No. 9, Gelukwater No. 356, Spitskop No. 357, Okanenembandi No. 359, Janhelpman No. 358, Scherborn No. 9, Capricorn No. 8, Schwerborne No. 6 and Okaruikosonduno No. 5

We would greatly appreciate if the landowners could kindly provide us with their names, farm names, and contact details so that we can register them as Interested and Affected Parties (I&APs).

We are currently working to finalize the date for the stakeholders engagement meeting and will provide further details once this information is available.

Kind regards,

13 June 2025

PUBLIC CONSULTATION MEETING MINUTES:

PROJECT: Environmental Scoping Assessment (ESA) for Proposed Exploration Activities on Exclusive Prospecting License (EPL) No. 10003 Located North-East of Otjiwarongo in the Otjozondjupa region.

Date: Thursday, 10 April 2025

Time: 11:00 – 11:44

Venue: Khoi-Khoi Guesthouse

Eight people attended the public consultation meeting, including two Environmental Consultant (Mr Leonard Mandume and Mr Wilbard Angula) and one Archaeologist (Ms Victoria Shekuyenge) from Excel Dynamic Solutions (Pty) Ltd (EDS). Please refer to the attached attendance register for a complete list of attendees.

1. INTRODUCTION AND WELCOMING REMARKS

The Environmental Consultant (Mandume) began the meeting by introducing the team and explaining the purpose of the consultation, which was to engage Interested and Affected Parties (I&APs) about the proposed prospecting and exploration activities within **EPLs 10003.**

An attendance register was then circulated among the attendees, enabling them to register their names and contact details, which would be used to maintain communication and provide updates on the Environmental Impact Assessment (EIA) process.

2. MEETING AGENDA AND PRESENTATION

The agenda of the meeting included the following main points:

2.1 Brief Description of the Project

Mr. Mandume Leonard provided the attendees with an overview of the EIA process, citing relevant legislations such as the Environmental Management Act and its 2012 EIA Regulations on Public Consultation. He then explained the significance of obtaining an Environmental Clearance Certificate (ECC) for the proposed project, emphasizing the attendees' crucial role in contributing to the EIA process by offering their insights and feedback regarding the potential environmental, social, and economic impacts of the proposed project.

2.2 Presentation of Potential Project Impacts

To ensure transparency and that the attendees understand both sides of the proposed project activities, the Environmental Consultant also presented the potential pre-identified potential positive & negative environmental and social impacts.

2.3 Public Open Discussion (Interactive Session)

Mr. Leonard allowed the meeting attendees to raise their concerns, issues, and/or comments on the proposed project activities. The concerns/issues and comments recorded are presented in Table 1 below.

1.	What minerals is the proponent exploring for?	Mr. Mandume Leonard (ML) : The proponent has not provided us with any detailed information beyond their general application to the Ministry of Industry, Mines and Energy. They have not identified any specific mineral as their primary focus, and instead have requested the opportunity to explore for a range of minerals.
2.	Does the proponent has any current involvement in mining operations?	ML: The proponent does not have any current mining operations and is solely focused on exploration activities.
3.	We understand that Codebreak Investments is the proponent for the proposed exploration activities. Can you provide information on who the owners of Codebreak Investments are?	ML: Codebreak is a Namibian registered company, which means that it is legally recognized and permitted to operate in Namibia. However, I am unable to provide specific information about the ownership structure, including the number of people involved in the company.
4.	Will the Environmental Assessment team be conducting on-site visits?	ML : Yes, that is correct. Our team will be conducting on-site visits as part of the Environmental Impact Assessment process. These visits are necessary to gain a thorough understanding of the local environment.
5.	How do they decide this specific area, because I see the lines are very specifically laid out, how	ML: The specific areas for prospecting have been selected based on a combination of geological data and advanced technology. Geological surveys of Namibia were conducted through aerial mapping and

Prospecting companies can use this data, combined with their own analysis and expertise, to identify areas with potential for particular minerals and commodities.

FINAL REMARKS AND CONCLUSION OF THE MEETING

Mr. Leonard thanked the attendees for their crucial input through comments and raising their concerns. He indicated to the attendees that all their comments, concerns, and inputs had been noted down for consideration and addressing in the Environmental Scoping Assessment (ESA) Report as well as incorporating their recommendations into the draft EMP.

Furthermore, Mr. Leonard informed the attendees that the draft meeting minutes, Environmental Assessment Report, and Environmental Management Plan (EMP) will be shared with them for review and further comments. These documents will be made available through emails provided on the attendance register.

Once the review of the draft ESA Report and EMP is done, the documents will be finalized and submitted to the Environmental Commissioner at the Department of Environmental Affairs and Forestry (DEAF) for evaluation and consideration of an ECC.

The meeting adjourned at 11h44.
