Slammed...Fifa is facing backlash for awarding hosting rights for the 2034 Fifa men's World Cup to Saudi Arabia. Photo: Gallo Images

## Australia players' union slams Fifa over 2034 Saudi World Cup

Australia's professional soccer player's union has condemned the awarding of the 2034 World Cup to Saudi Arabia, saying significant human rights risks are attached to the tournament, while questioning Fifa's ability to prevent harm from occurring.

Fifa officially awarded the World Cup to the kingdom on Wednesday, with the sole bid for the tournament confirmed by acclamation.

Professional Footballers Australia boss Beau Busch said it was crucial for the international soccer community to hold Fifa accountable for the decision.

"This significant human rights risks linked to this tournament are well-documented," Busch said in a statement emailed to Reuters yesterday.

"By securing hosting rights to the global game's most prestigious event, Saudi Arabia and Fifa must ensure the rights of everyone affected by the 2034 Men's World Cup are upheld and safeguarded."

"However, Fifa's ongoing

governance failures and lack of accountability to its own human rights' commitments leave no assurance that harm can or will be prevented."

The Saudi government communications office and Fifa did not immediately respond to requests for comment yesterday.

Saudi Arabia denies accusations of human rights abuses, and says it protects its national security through its laws.

Fifa's decision has drawn criticism from an array of organisations, including migrant workers groups, trade unions and LGBT activists concerned about the kingdom's human rights record.

Saudi Arabia confirmed its bid last year within minutes of Fifa announcing 2034 would be hosted in Asia or Oceania.

Fifa set a deadline of less than four weeks for nations to lodge rival bids.

Though the Asian Football Confederation threw its support behind Saudi Arabia, Football Australia (FA) explored making

a joint bid with Indonesia, before deciding against it.

Australia's players were critical of 2022 World Cup hosts Qatar, with the men's team releasing a video calling out the Gulf state's record on human rights and same-sex relationships.

Football Australia backed the players' stance on Qatar, and later objected to Saudi Arabian sponsorship of the 2023 Women's World Cup following reports the kingdom's government tourism agency would be a major sponsor of the tournament.

However, FA joined the majority of international football associations in showing support for the kingdom's 2034 bid. "Saudi Arabia has demonstrated a strong commitment to hosting a world-class tournament, and we remain confident in Fifa's frameworks and the Fifa World Cup's capacity for positive change," FA said in a statement to Reuters.

## Guardiola 'questioning self' after latest City loss at Juve

Pep Guardiola admitted that he is questioning himself as his Manchester City team slumped to yet another defeat at Juventus in the Champions League on Wednesday.

City fell 2-0 in a freezing Turin, their seventh defeat in 10 matches in all competitions putting their qualification for the last 16 at risk.

Asked by reporters whether he was questioning his management, Guardiola replied: "Yeah, of course."

"Of course, I question

myself in the good moments and the bad moments," said Guardiola.

"I was stable in the good moments and I'm stable in the bad moments... My biggest challenge is when they give me the opportunity to be a manager and get results to continue to work."

"If I would miss the big challenge in the first season, the second season, I wouldn't be here." English champions City are just one point above the bottom 12 places which

bring elimination from the Champions League.

Five points separate City from the top eight places and automatic qualification for the last 16, with matches against Paris Saint-Germain and Club Brugge remaining in their league phase campaign.

City face local rivals Manchester United on Sunday in the Premier League, where Guardiola's team trail leaders Liverpool by eight points.

Dear Esteemed stakeholders,

This email serves to inform you that Excel Dynamic Solutions (Pty) Ltd (the consultant) has been appointed by Red Enterprises (Pty) Ltd, Stopmen Investment CC, Codebreak Investments (Pty) Ltd, Libra Seventy One Investments (Pty) Ltd and Epangelo Mining Company (Pty) Ltd, to act on their behalf in obtaining an Environmental Clearance Certificate (ECC) for the proposed mineral exploration activities on Exclusive Prospecting Licenses (EPLs) **9354, 9595, 9625, 9997, 9996, 1003, and 9813.**

- EPL no. **9354** located south-west of Grootfontein
- EPL no. **9595** located south-east of Kombat
- EPL no. **9625** located north-east of Otjozondou
- EPL no. **9813** located south-east of Otavi
- EPL no. **9996** located north-east of Otavi
- EPL no. **9997** located north-west of Otjozondou
- EPL no. **10003** located north-east of Otjiwarongo

Mineral prospecting and exploration are one of the listed activities that cannot be undertaken without an Environmental Clearance Certificate (ECC) as per the 2012 Environmental Impact Assessment (EIA) Regulations of the Environmental Management Act No. 7 of 2007. Furthermore, Section 21 to 24 of the EIA Regulations requires that public consultation is undertaken as one of the crucial components of the Environmental Assessment, which involves the pre-identification of potential Interested and affected Parties (I&APs) or Stakeholders and ongoing registration of new I&APs and subsequent consultation. You have therefore been identified as a potential I&AP for this proposed activity, and the reason you are receiving this communication. Please find the attached Background Information Documents (BIDs) for the proposed exploration activities.

Please assist our office in circulating the attached BIDs .

Please note the details of the public consultation meeting will be communicated in due course.

Kind regards,

**Subject:** Public consultation meeting invitation for the Environmental Impact Assessment on the proposed Exclusive Prospecting Licenses (EPL) No. 9997  
**Attachments:** BID \_EPL 9997.pdf

Dear Esteemed Interested & Affected Party,

Codebreak Investments (Pty) Ltd (The Proponent) proposes to undertake prospecting and exploration activities on Exclusive Prospecting License (EPL) No. 9997 located 10km north-west of Otjozondju, Otjozondjupa Region.

Mineral prospecting and exploration is one of the listed activities that cannot be undertaken without an Environmental Clearance Certificate (ECC) as per the 2012 Environmental Impact Assessment (EIA) Regulations of the Environmental Management Act No. 7 of 2007. The Proponent, therefore, appointed Excel Dynamic Solutions (Pty) Ltd, an independent Environmental Consultants firm to conduct the required Environmental Scoping Assessment (ESA) process and apply for the ECC.

Furthermore, Sections 21 to 24 of the EIA Regulations require that Public Consultation is undertaken as one of the crucial components of the Environmental Assessment, which involves the pre-identification of potential Interested & Affected Parties (I&APs) or Stakeholders and ongoing registration of new I&APs and subsequent consultation. You have therefore been identified as a potential I&AP for this proposed activity, and the reason you are receiving this communication.

Please find the attached Background Information Document (BID) the proposed prospecting and exploration activities and the site notice as a public consultation invitation.

The EPL cover farms: Omantumba No. 134, Ombukombapa-Ranch No. 319, Maitland No. 538, Otjimbuku No. 136, Otjeherane No. 216, Prinshoek No. 217, Spytfontein No. 252.

We would greatly appreciate if the landowners could kindly provide us with their names, farm names, and contact details so that we can register them as Interested and Affected Parties (I&APs).

We are currently working to finalize the date for the stakeholders engagement meeting and will provide further details once this information is available.

Kind regards,

**Excel Dynamic Solutions (Pty) Ltd**

## **PUBLIC CONSULTATION MEETING MINUTES:**

**PROJECT: Environmental Scoping Assessment (ESA) for Proposed Exploration Activities on Exclusive Prospecting License (EPL) No. 9997 located North-West of Otjozondju in the Otjozondjupa region, Namibia.**

**Date:** Thursday, 15 May 2025

**Time:** 11:00 – 11:28

**Venue:** Hochfeld Coffee Shop

Five people attended the public consultation meeting, including one Environmental Consultants (Mr. Leonard Mandume) and one Archaeologist (Ms. Victoria Shekuyenge) from Excel Dynamic Solutions (Pty) Ltd (EDS). Please refer to the attached attendance register for a complete list of attendees.

### **1. INTRODUCTION AND WELCOMING REMARKS**

The Environmental Consultant (Mandume) began the meeting by introducing the team and explaining the purpose of the consultation, which was to engage Interested and Affected Parties (I&APs) about the proposed prospecting and exploration activities within **EPL 9997**.

An attendance register was then circulated among the attendees, enabling them to register their names and contact details, which would be used to maintain communication and provide updates on the Environmental Impact Assessment (EIA) process.

## **2. MEETING AGENDA AND PRESENTATION**

The agenda of the meeting included the following main points:

### **2.1 Brief Description of the Project**

Mr. Mandume Leonard provided the attendees with an overview of the EIA process, citing relevant legislations such as the Environmental Management Act and its 2012 EIA Regulations on Public Consultation. He then explained the significance of obtaining an Environmental Clearance Certificate (ECC) for the proposed project, emphasizing the attendee's crucial role in contributing to the EIA process by offering their insights and feedback regarding the potential environmental, social, and economic impacts of the proposed project.

### **2.2 Presentation of Potential Project Impacts**

To ensure transparency and that the attendees understand both sides of the proposed project activities, the Environmental Consultant also presented the potential pre-identified potential positive & negative environmental and social impacts.

### **2.3 Public Open Discussion (Interactive Session)**

Mr. Leonard allowed the meeting attendees to raise their concerns, issues, and/or comments on the proposed project activities. The concerns/issues and comments recorded are presented in Table 1 below.

**Table 1: Comments and issues raised during the public consultation meeting, 15 May 2025**

Comment/ issue No.	Commenter name & issue / comment / question	Response and name of responder:
1.	Could you please provide the name of the individual who is currently serving as the Director of Codebreak Investments, and clarify whether the company is currently engaged in mining activities within the project area?	<b>Mr. Mandume Leonard (ML):</b> The current Director of Codebreak Investments is Mr. Erastus “Chicco” Shapumba. It is important to note that the company has not yet begun with mining operations within the proposed project area and they are currently active in the mining industry in the Uis area and Kunene region.
2.	What minerals is the proponent exploring for?	<b>ML:</b> They have not identified any specific mineral as their primary focus, and instead have requested the opportunity to explore for a range of minerals.
3.	Will the proposed mining activities within the EPL include the extraction of manganese?	<b>ML:</b> While manganese might be one of the mineral of interest within the proposed project area, it is important to note that its extraction and exploitation will depend on the results of the exploration phase and the feasibility of a successful mining operation. Should the exploration identify economically viable manganese deposits, Codebreak Investments will need to submit a separate application for a mining license.
4.	Will the concerns raised during the consultation process be communicated directly to the Ministry of Environment, Forestry and Tourism, or will they be conveyed to the Client?	<b>ML:</b> Although the Client will be aware of the concerns raised during the consultation process, the focus of the submission is to provide the Ministry of Environment, Forestry and Tourism with a comprehensive summary of the issues. The Ministry will consider these concerns as

Comment/ issue No.	Commenter name & issue / comment / question	Response and name of responder:
		part of their evaluation of the Environmental Clearance Certificate (ECC) application. This process allows for a more informed decision-making process, as the Ministry can assess the project's potential impacts in light of the feedback from stakeholders.
5.	Could you please clarify what is meant by prospecting?	<b>ML:</b> Prospecting is the initial phase of a mining project that involves the application of non-invasive techniques to assess the geology and mineral potential of an area. This phase typically involves geological mapping, geophysical mapping, and the review of existing reports. Prospectors may also examine surface rocks, collect samples, and use various analytical techniques to identify potential mineral deposits. These activities enable a preliminary understanding of the area's mineral resources and serve as a foundation for more intensive exploration efforts if warranted.
6.	How many people are usually in the prospecting process?	<b>ML:</b> The prospecting phase of the proposed mining project would likely require approximately four professional geologists and two support staff, such as assistants or field technicians, to perform the necessary field activities.

Comment/ issue No.	Commenter name & issue / comment / question	Response and name of responder:
7.	During the prospecting phase, will the geologists and support staff be stationed on the farm itself?	<b>ML:</b> During the prospecting phase, the decision on whether the team will be staying on the farm or commuting daily from a nearby town or camp will depend on the agreement reached between the landowner and the proponent.
8.	Will the proponent only engage with us after the Environmental Clearance Certificate has been granted?	<b>ML:</b> Yes , that is correct
9.	So, Excel Dynamic Solution is not the company doing the exploration?	<b>ML:</b> If the proponent also decide to appoint Excel Dynamic solution as their geological consultants, then they can also do the exploration as we also have geologist. But as it stands Excel Dynamic Solutions have no agreement with Codebreak Investments to under take the Exploration activities after the ECC is issued.
10.	When does the agreement between the Landowner and the Proponent occur?	<b>ML:</b> Prior to the commencement of any exploration activities on your farms, it is crucial that a mutually agreed upon access agreement is reached between the Proponent and the landowners. This agreement will include regulations regarding the timing of the exploration activities, ensuring that they are conducted in a manner that minimizes disruptions to farming and other land uses.  Security protocols, including the use of designated entry points, personnel identification, and a signed access register, will be

Comment/ issue No.	Commenter name & issue / comment / question	Response and name of responder:
		implemented to prevent unauthorized access. No activities will commence without consultation, agreement, and notice to landowners.
11.	Is this the first phase?	<b>ML:</b> While prospecting is the initial stage of mining, the current discussion focuses on the Environmental and Archaeological Assessment, which precedes prospecting. This assessment is designed to evaluate the potential impacts on the environment and cultural heritage, providing the foundation for future mitigation strategies and guiding decisions regarding whether to proceed with prospecting and mining operations.
12.	Given that effective communication between stakeholders and the proponent is crucial to the success of this project, could you please explain why the proponent is not present at today's consultation meeting?	<b>ML:</b> Unfortunately, due to unforeseen circumstances, the proponent was unable to attend today's consultation meeting.

## **FINAL REMARKS AND CONCLUSION OF THE MEETING**

Mr. Leonard thanked the attendees for their crucial input through comments and raising their concerns. He indicated to the attendees that all their comments, concerns, and inputs had been noted down for consideration and addressing in the Environmental Scoping Assessment (ESA) Report as well as incorporating their recommendations into the draft EMP.

Furthermore, Mr. Leonard informed the attendees that the draft meeting minutes, Environmental Assessment Report, and Environmental Management Plan (EMP) will be shared with them for review and further comments. These documents will be made available through emails provided on the attendance register.

Once the review of the draft ESA Report and EMP is done, the documents will be finalized and submitted to the Environmental Commissioner at the Department of Environmental Affairs and Forestry (DEAF) for evaluation and consideration of an ECC.

The meeting adjourned at 11h28.
