Windhoek

Dear Mr. Bezuidenhout,

RE: REQUEST FOR NIGHT TIME WORK AND TEMPORARY CONTRACTOR'S FACILITY

The above matter bears reference.

The Ministry has favourably considered your request as per your correspondence, dated 13 December 2024, under the following specific conditions:

1. The temporary contractor's camp should be sighted in consultation with the Park Management.
2. No permanent structures should be erected in the park and all temporary structures should be removed on completion of project
3. No long-drop toilets should be dug and removable enviro-friendly toilets should be installed.
4. Night work should be limited to site of operation and no night driving around the park is allowed
5. All park rules and regulations are applicable during the construction period within the boundaries of the park.

I sincerely hope that this arrangement satisfies your request in the short-term.

Yours faithfully,

MINISTRY OF ENVIRONMENT, FORESTRY AND TOURISM
