Notice Legal Notice

NOTICE

Take notice that **HARMONIC TOWN PLANNING CONSULTANTS CC**, Town, and Regional Planners, on behalf of the owners of the respective erf, intends to apply to the **Outapi Town Council** and the **Urban and Regional Planning Board** for the:

- Re zoning of Erf No. 3215, Extension 15, Outapi from "Local Authority" to "Civic"; and
- Consent to commence with the proposed development while the rezoning is in Progress.

Erf 3215, Extension 15 measures ±4569 m² in extent and is zoned "Local Authority" as per Outapi Zoning Scheme. The owner wishes to rezone the erf from "Local Authority" to "Civic" to align the zoning designation with the existing use of the property, which currently accommodates an operational electric substation. The client prefers rezoning the erf to "Civic" due to its size and intends to use the rest of the erf for a public institution.

Sufficient parking for the development will be provided in accordance with the requirements of the Outapi Zoning Scheme.

Further take notice that the plan of the erf lies for inspection on the town planning notice board at the **Outapi Town Council, Erf 376, Tsandi Main Road, Outapi** and at **Harmonic Town Planning Offices, 76B Pasteur Street, Windhoek West**.

Further take notice that any person objecting to the proposed use of the land as set out above may lodge such objection together with the grounds thereof, with the **Outapi Town Council** and with the Applicant in writing within 14 days of the last publication of this notice (**final date for objections is Tuesday, 13 May 2025**).

NOTICE

Take notice that **HARMONIC TOWN PLANNING CONSULTANTS CC**, Town, and Regional Planners, on behalf of the owner of the respective Erf, intend to apply to the City of Windhoek for the:

- CONSENT FOR A GENERAL DEALER (SALE OF MOTOR VEHICLE PARTS AND ACCESSORIES) TO OPERATE ON "INDUSTRIAL" ERF NO.8199, NGUNI STREET, WINDHOEK, EXTENSION 6

Erf No. 8199, Nguni Street, Windhoek measures approximately ±1930 m² in extent and is zoned "Industrial" with a bulk of 1 as per the Windhoek Zoning Scheme. The owner intends to operate a General Dealer "Sale of Motor Vehicle Parts and Accessories" on the erf. Sufficient parking for the development is provided in accordance with the requirements of the Windhoek Zoning Scheme.

Further take notice that the plan of the erf lies for inspection on the town planning notice board at the **City of Windhoek and at Harmonic Town Planning Offices, 76B Pasteur Street, Windhoek West**.

Further take notice that any person objecting to the proposed use of the land as set out above may lodge such objection together with the grounds thereof, with the City of Windhoek and with the Applicant in writing within 14 days of the last publication of this notice (**final date for objections is Tuesday, 13 May 2025**).

Notice Legal Notice

CONSENT FOR A 'BUSINESS BUILDING' UNDER THE 'OFFICE' ZONING FOR THE OPERATION OF A CAR RENTAL ON ERF 715, NO. 4 TEINERT STREET, WINDHOEK DU TOIT TOWN PLANNING CONSULTANTS

are applying on behalf of the owners of the erf, Drogos Investment Close Corporation, to the City Council of Windhoek for the

- Consent for a 'Business Building' under the 'Office' zoning for the operation of a car rental on Erf 715, Teinert Street, Windhoek

The project erf is located in Teinert Street, which places it in the central area of the city, just south of the central business district. It is parallel to Mandume Ndemufayo Drive, but no access is taken from there. The erf is also closely located to the GAME centre on Erf 6880, Windhoek. The erf is 1659m² in extent. The project erf is currently zoned as 'office' with a bulk of 0.4 and currently accommodates the existing Namibia Car Rental Offices.

The owner was recently informed by the City of Windhoek that although in operation for many years, the operation of the Namibia Car Rental on Erf 715, Windhoek is not in compliance with the office zoning of the Erf. The erf is currently zoned for 'office' with a bulk of 0.4. The Windhoek Zoning Scheme does not permit the operation of a car rental as a primary use on office zoned erven, however, consent to operate a car rental on the office zoned Erf can be obtained from the City of Windhoek under the definition of a 'business building'. It is to this end that application for consent is made.

Based on the office floor area of approximately 141.6 m², six (6) parking bays are required. However, the site currently provides ten (10) parking bays, with ample space available to accommodate additional parking if needed.

The locality plan of the site lies for inspection on the Town Planning Notice Board in the Customer Care Centre, Municipal Offices, Rev. Michael Scott Street, Windhoek and at the offices of Du Toit Town Planning, 4 Dr. Kwame Nkrumah Avenue, Klein Windhoek.

Any person objecting to the proposed use of land as set out above may lodge such objection together with the grounds thereof with the City Council (the Urban Planner-Town House, Fifth Floor, Room 516) and the applicant within 14 days of the last publication of this notice (final date for objections is **14th of May 2025**).

Should you require additional information you are welcome to contact our office.

NOTICE ON THE ENVIRONMENTAL IMPACT ASSESSMENT

Notice is hereby placed to inform all potentially interested and Affected Parties (I & APs) that an application for Environmental Clearance Certificate will be made to the Ministry of Environment Forestry and Tourism, in line with the provisions of Environmental Management Act 7 of 2007 and its Regulations of 2012.

Proponent: Miss Liisa Ndeshipanda Ndilimondwi

Project Description: The project involves conducting an EIA for the establishment of exploration activities of base and rare metals, dimension stone, industrial minerals, nuclear fuels and precious metals on Exclusive Prospecting License (EPL) No. 10228.

Project Location: The EPL No. 10228 is located north of Henties Bay town within a circa 75 Km and west of Brandberg Mountain about 31 km.

All Interested and Affected Parties (I & APs) are invited to register, request background information document and submit inputs on or before 30 April 2025. A public consultation date will be communicated to all stakeholders at a later stage.

Proponent: SG Mining CC

Project Description: The project involves conducting an EIA for the establishment of mining activities of dimension stones on Mining License (ML) application formerly (Mining Claim No. : 71544), at Farm Okawayo No. 46, Karibib District, Erongo Region. The proponent intends to mine dimension stones on the proposed ML application.

Project Location: Farm Okawayo No. 46, located about 9 km north of Karibib and 3 km east of the C33 road from Karibib to Omaruru.

All Interested and Affected Parties (I & APs) are invited to register, request background information document and submit inputs on or before 30 April 2025. A public consultation date will be communicated to all stakeholders at a later stage.

NOTICE

Take notice that HARMONIC TOWN PLANNING CONSULTANTS CC, Town, and Regional Planners, on behalf of the owners of the respective erf, intends to apply to the Outapi Town Council and the Urban and Regional Planning Board for the:

- Rezoning of Erf No. 3215, Extension 15, Outapi from "Local Authority" to "Civic"; and
- Consent to commence with the proposed development while the rezoning is in Progress.

Erf 3215, Extension 15 measures ±4569 m2 in extent and is zoned "Local Authority" as per Outapi Zoning Scheme. The owner wishes to rezone the erf from "Local Authority" to "Civic" to align the zoning designation with the existing use of the property, which currently accommodates an operational electric substation. The client prefers rezoning the erf to "Civic" due to its size and intends to use the rest of the erf for a public institution.

Sufficient parking for the development will be provided in accordance with the requirements of the Outapi Zoning Scheme.

Further take notice that the plan of the erf lies for inspection on the town planning notice board at the Outapi Town Council, Erf 376, Tsandi Main Road, Outapi and at Harmonic Town Planning Offices, 76B Pasteur Street, Windhoek West.

Further take notice that any person objecting to the proposed use of the land as set out above may lodge such objection together with the grounds thereof, with the Outapi Town Council and with the Applicant in writing within 14 days of the last publication of this notice (final date for objections is Tuesday, 13 May 2025).

NOTICE

Take notice that HARMONIC TOWN PLANNING CONSULTANTS CC, Town, and Regional Planners, on behalf of the owner of the respective Erf, intend to apply to the City of Windhoek for the:

- CONSENT FOR A GENERAL DEALER (SALE OF MOTOR VEHICLE PARTS AND ACCESSORIES) TO OPERATE ON "INDUSTRIAL" ERF NO.8199, NGUNI STREET, WINDHOEK, EXTENSION 6

Erf No. 8199, Nguni Street, Windhoek measures approximately ±1930 m2 in extent and is zoned "Industrial" with a bulk of 1 as per the Windhoek Zoning Scheme. The owner intends to operate a General Dealer "Sale of Motor Vehicle Parts and Accessories" on the erf. Sufficient parking for the development is provided in accordance with the requirements of the Windhoek Zoning Scheme.

Further take notice that the plan of the erf lies for inspection on the town planning notice board at the City of Windhoek and at Harmonic Town Planning Offices, 76B Pasteur Street, Windhoek West.

Further take notice that any person objecting to the proposed use of the land as set out above may lodge such objection together with the grounds thereof, with the City of Windhoek and with the Applicant in writing within 14 days of the last publication of this notice (final date for objections is Tuesday, 13 May 2025).

PUBLIC NOTICE

ENVIRONMENTAL IMPACT ASSESSMENT (EIA) FOR THE PROPOSED QUARRYING ACTIVITIES ON MINING CLAIMS 73147, 73148, 73149 & 73150 IN THE WALVIS BAY DISTRICT, ERONGO REGION

Notice is hereby given to all interested and Affected Parties (I&APs), that an application for an Environmental Clearance Certificate will be submitted to the Competent Authority and the Ministry of Environment, Forestry and Tourism (MEFT) for the following activities.

Project title: Proposed quarrying activities on Mining Claims 73147, 73148, 73149 & 73150

Project location: Walvis Bay District, Erongo region

Proponent: Coastal Precast and Paving (CPP) cc

Description: Green Gain Consults cc has been appointed to conduct an EIA for the proposed quarrying activities on four new mining claims 73147, 73148, 73149 & 73150. The Mining Claims are located about 17km east of Walvis Bay surrounding the existing CPP Quarry. The quarry operational activities involve removal of overburden and crushing of bedrock material into aggregates of different sizes and gravel by-products that are used in the construction industry. I&APs are hereby invited to register, request the Background Information Document (BID), attend the public meeting, and submit comments/input to eia@greengain.com.na The last day to submit input is 25 April 2025.

The public consultation meeting is scheduled as follows

Venue: CPP Quarry Site (±17km east of Walvis Bay)
 Date: Thursday, 17 April 2025
 Time: 11:00 to 13:00

2025-04-29

Dear Silvanus Shigwedha,

This email serves to inform you that your application **APP-005747** has been verified

Taking the following into considerations:

- Location of the project
- Pollution potential
- Scale of operation of the project

Please upload the following documents:

- Scoping Report
- EMP
- Consent letter or support doc from relevant Authority
- Proof of Consultation (Minutes, Newspaper adverts, etc)
- Confirmation of screening notice received (through email) in terms of assessment procedures (Section 35 (1)(a)(b) of the Environmental Management Act, No 7 of 2007)
- Preliminary Site Map (Project boundaries) with coordinates (decimal degrees) and a Legend
- CV of Environmental Assessment Practitioner (EAP)

- Consent from the National Heritage Council for protection of archaeological artefacts, paleontological and rare geological specimens, meteorites and any other object which holds cultural significance
- Declaration for the Submission of Assessment Reports and other Support Documents (upload Declaration Form from www.eia.meft.gov.na (downloads))

Please login onto our portal to upload required documents, if any
<https://eia.met.gov.na>

NB- for the purpose of Section 38 of the Environmental Management Act, 2007 read with Regulation 4(d), kindly forward copies of all relevant documents i.e (application forms, EIA, Scoping reports, EMP etc) to the office of the Environmental Commissioner

Thank you

Phillip Troskie Bulding

Dear Adriaan,

I have received an email from the Excel Dynamic Solutions Heritage and Archaeology Consultant, Mr Nkosana Hlabangana.

In the forwarded email, you mentioned that in reference to section 52 of the minerals act Ontsa is in breach. The clause looks more into when we intent to come do exploration work.

Perhaps to give a background, this exercise is being carried out to allow Ontsa to comply with the National Heritage Act by assessing the EPL ground for any potential heritage and archeological sites worth protecting. Therefore this stage is not yet the exploration stage that requires any compensation to land owner. Ontsa is yet to receive its mineral rights physical license from the Ministry of Industries, Mines and Energy. At this point Ontsa has only received a Notice to Applicant for the Intention to Grant as per the attachment.

For your ease of reference, I would like to share with you an access agreement which allows Ontsa conduct the necessary Environmental and Archaeological assessment on the farm. Feel free to add your inputs to reach out if

On Wednesday, July 16, 2025 at 08:58:27 AM GMT+2, adriaan@sandfontein.com <adriaan@sandfontein.com> wrote:

Good day Linda,

Thank you for reaching out to me. I am a bit surprised that we were contacted by the EIA and Heritage team before you made contact with us. I am in contact with MEFT regarding the granting of this EPL as it falls over our main protected area where we have an agreement signed with MEFT.

I am aware that the team would need access to the property in order to conduct their research, however this process comes to us as a surprise. We have dealt with a few EPL holders in the past and we were always in contact with the company that has the EPL first before any persons were allowed access, this was the case with EPL 8787 and EPL 8878. After an agreement was reached, we allowed access. I hope you understand this from our side too.

Please feel free to reach out to me before we plan a visit from your team as I need to discuss it with the shareholders of the properties.

Very best,

Good morning Linda,

The contract would not be a Section 52 agreement as that only applies to the EPL holder. We would however like to have some form of an agreement around the visit, example no removal of any archeological artifacts, organic or inorganic materials, no disturbance of wildlife, no drone photography. All persons entering the property would also have to provide a photo of their ID, cellphone numbers, individuals role in the survey prior to the intended visit.

We are currently working with an archeologist in surveying and mapping out all known archeological sites on the properties which includes Sandfontein and Sandfontein West.

Hope this helps, please feel free to reach out if you have any further questions.

Very best,
Adriaan

Subject: Re:

Good Morning

Hope you are well.

I would like to ask something, if we pay access fees for N\$ 2500.00, do we still have to sign a contract? because we are not sure if we will granted the license or not.

Best regards,

Linda

there is anyone questions with regards to the above. Once all the necessary documents are in place and the company is ready to explore we are more than happy to sign a detailed agreement with compensation model.

In summary, for now Ontsa and consultants are doing assessments to comply with environmental and heritage requirements for granting of the EPL.

Attached is the Notice to Grant.

Hoping to engage further with you.

Best Regards

Linda

BACKGROUND INFORMATION DOCUMENT (BID)

ENVIRONMENTAL IMPACT ASSESSMENT (EIA) FOR THE PROPOSED BASE AND RARE METALS, DIMENSION STONE, INDUSTRIAL MINERALS, AND PRECIOUS METALS EXPLORATION ACTIVITIES ON EXCLUSIVE PROSPECTING LICENSE NO.8832.

KARASBURG DISTRICT, KARAS REGION, NAMIBIA

PUBLIC INVITATION TO REGISTER AND COMMENT

PURPOSE OF DOCUMENT

The purpose of Background Information Document (BID), is to provide basic detailed information about the proposed listed activities and is to be shared with all registered potential Interested and Affected Parties (I&APs) before public consultation as part of the EIA process. Furthermore, the BID aims to outline the EIA process and methods of public consultations approaches to be followed.

Hence, BID aim to provide:

- An overview of the proposed mineral exploration activities on **EPL No. 8832 for base and rare metals, dimension stone, industrial minerals and precious metals;**
- An overview of the Environmental Impact Assessment process; and
- Guidance on how members of public can participate in the process as Interested and Affected Parties (I&APs).

I&APs comments and concerns are vital to the success of the EIA process and potential public members are encouraged to register and participate.

Please register / complete registration form and submit to SS Consultants CC on or before the 25th May 2025.

INTRODUCTION

SS CONSULTANTS CC (hereafter referred to as the Consultant), an independent mineral resource and environmental consulting company has been appointed by **Onts Mining Close Corporation** (herein referred to as the Proponent) to undertake an environmental assessment process and obtain an environmental clearance certificate from the Environmental Commissioner on behalf of the latter for the proposed mineral exploration activities on **EPL No. 8832**.

The proposed exploration activities fall in the listed activities under the Environmental Management Act 7 of 2007 – activities which may not be undertaken without Environmental Clearance Certificate. Hence the proponent is expected to obtain an Environmental Clearance Certificate from the Environmental Commissioner prior to the commencing of these exploration activities.

The proposed development is therefore related to the specific listed activities as outline by relevant sections in EMA Regulations of 2012:

- *Construction of facilities for any process or activities which requires a license, right or other form of authorization, and the renewal of a license, right or other form of authorization, in terms of the Minerals (Prospecting and Mining Act), 1992 (Section 3.1);*
- *Other forms of mining or extraction of any natural resources whether regulated by law or not (Section 3.2);*
- *Resource extraction, manipulation, conservation, and related activities (Section 3.3);*
- *Abstraction of ground or surface water for industrial or commercial purposes (Section 8.1).*
- *Manufacturing, storage, handling, or processing of a hazardous substance defined in the Hazardous Substances Ordinance, 1974 (Section 9.1).*
- *Any process or activity which requires (Section 9.2).*

1. Project Description

The Exclusive Prospecting License (EPL) 8832 was applied by the Proponent on the 2nd July 2022, respectively, of which a notice of preparedness to grant prospecting license was presented by the Ministry of Industries, Mines and Energy (MIME). To execute any exploration activities within project area, it is a requirement under the Environmental Management Act (EMA) (2017) and its 2012 EIA Regulations that the proponent obtains an Environmental Clearance Certificate (ECC) from the Department of Environmental Affairs (DEA) of the Ministry of Environment, Forestry and Tourism (MEFT). The ECC will enable the license owner to conduct exploration activities for **base and rare metals, dimension stone, industrial minerals and precious metals**. If commercially viable mineral deposits are found and all necessary licencing requirements are satisfied, the licences may apply for a mining licences.

The proposed exploration activities will involve both non-invasive and invasive exploration methods. Non-invasive exploration methods usually include drone surveys, remote sensing, geological field mapping, ground geophysical survey and surface soil and rock sampling whereas invasive exploration methods include techniques such as reverse circulation or diamond drilling and pitting/trenching. During the process, non-invasive exploration activities will be undertaken first to define the need for more invasive activities. Should the results from the non-invasive activities be positive, the detailed site-specific drilling, trenching, and sampling will be undertaken. The project area is situated within well-developed infrastructure such as access to water, power line, national roads, and telephonic network. Thus, the Proponent will make use of the available water and electrical infrastructure in the area. Utilization of these infrastructure will depend on the agreement reached with other landowners and or community members and all the necessary permits and requirements will be obtained from the relevant authorities. The design of the exploration process is such that, various geological consultants and contractors will be engaged at different stages to allow effective implementation of the proposed exploration activities. Some of the work like drone surveys and geophysics, expert may be contracted to conduct these surveys. These will be conducted where necessary to detect and assess different geological features, including mineralization, within the EPL area. Drilling operations will be carried out by a registered drilling contractor, and they are expected to provide their own drilling crew. Moreover, the exploration activities on project area have the potential to establish and operate a mineral exploration program, leading to direct permanent employment opportunities and indirect job creation in supporting services. By virtue, these activities also hold the promise of discovering economically valuable ore deposits, which, through mineral extraction, can contribute to employment, wealth generation, and economic development in the country. The attractive wages offered by the new project are expected to benefit the local workforce, thereby boosting economic growth in the **Karasburg district and Aussenkehr settlement**, as well the country at large. The unskilled labour can be sourced from **Karasburg town and Aussenkehr settlement**. It is anticipated that the workforce will be housed in temporary site camps or may reside in the nearest towns throughout the exploration program.

2. Project Location

EPL is located adjacent to each other, within the Karasburg district and partially cover commercial farms. The project cover areas of 19903.1619 hectares (Ha) *Figure 1* below.

Figure 1: Locality map showing the location and road networks covering project area.

Table 1: Map with corner coordinates and shape of project areas.

3. Legal Requirements

Apart from the Environmental Management Act, the project will also be guided and comply to the following national regulatory requirements:

- Water Act 54 of 1956 (including Water Resource Management Act 11 of 2013 – not yet in force)
- National Heritage Act 27 of 2004
- Mineral (Prospecting and Mining) Act 33 of 1992
- Forest Act 12 of 2001
- Agricultural (Commercial) Land Reform Act 6 of 1995 (including relevant amendments)
- Labour Act 11 of 2007
- Nature Conservation Ordinance 4 of 1975 (including relevant amendments)

4. Environmental Impact Assessment process

The EIA process follows the general guideline as outlined in the EMA Regulations of February 2012. An outline of the EIA steps and the associated and parallel processes is given below:

N.B: Once the Environmental Commissioner makes a decision on the application whether in favour of the proponent or not, the Environmental Management Act as guided by its Regulations also provide

for the process of Appeal. Therefore I&APs if not satisfied with the decision made, will still have an opportunity to raise their concern on the decision.

5. Potential Impacts

Below are the potential impacts that have been identified from the proposed exploration activities on the license area:

- **Temporary job creation** this is the hiring of workers non-skilled to skilled workers from the area to be involved during the clearing of the fauna and flora in order to access target sites, and to also assist during pitting and trenching as well as drilling and associated exploration works.
- **Impact on vegetation and fauna** some vegetation may need to be removed to create access roads, pitting and trenching, geophysical lines as well as drilling sites. This may also lead to habitat destruction for some fauna.
- **Traffic safety** very slow drilling rigs and associated vehicles may compromise traffic safety in the area.
- **Environmental degradation** through different types of waste generated on the site.
- **Soil and water contamination** from chemicals and other substances used in drilling fluids.
- **Noise and dust** generated by pitting and trenching as well as drilling vehicles and activities.
- **Health and safety risks** which may result to workers operating on site.

6. Public consultation

Public participation is an essential part of any Environmental Assessment process. Interested and Affected Parties (I&APs) include any person or organization that will be directly or indirectly involved and/or affected by the project.

Registered I&APs will be kept informed of the Public Participation Process throughout the Environmental Assessment process, they will be given the opportunity to review and comment on the EIA reports and documents and, will also receive feedback on how comments have been considered, and will be informed of the outcome of the assessment. All comments will be recorded and presented to the project team and competent authority by means of the Project Comments and Responses Register (CRR).

Notices for public invitation to participate in the process will still be placed in the local newspaper as well as at strategic public places (notice boards). The date and venue for the public consultation meeting will be communicated.

If you categorize yourself as an I&AP who wishes to receive information regarding the above-mentioned project and/or provide input into the Environmental Impact Assessment process, you are hereby invited to register using the form on Page 6. You may also communicate with SS Consultants via email, or telephone to obtain further information or comment on the proposed project.
