STANDARD NOTICE: THREE STOREY DWELLING UNIT AND COVERAGE APPLICATION

Take notice that the owner, SILAS NAOBEB intends applying to the Windhoek Municipal Council for the construction of a three-storey dwelling unit of Erf 904, Reminder Street, New Auasblich. The proposed construction will allow the owner to erect a three-storey dwelling unit. Should this application be successful, the number of vehicles for which parking must be provided on-site will be 3 car garage and 3 car parking. The owner's current intentions are to erect and use the building for residential purposes on Erf 904 Auasblich. Further take notice that the plan of the erf lies for inspection on the town planning notice board in the Customer Care Centre, Main Municipal Offices, Rev. Michael Scott Street, Windhoek. Further take notice that any person objecting to the proposed use of the land as set out above may lodge such objection together with the grounds thereof, with the City or with the applicant / consultant in writing within 14 days of the last publication of this notice. The last date for any objection is 24 the February 2025. Dated at Windhoek this 10 February 2025. Name: SILAS NAOBEB Windhoek Contact details: 0811228944

NOTICE OF ENVIRONMENTAL SCOPING ASSESSMENT (ESA) FOR: FOR THE PROPOSED EXPLORATION ACTIVITIES ON THE EXCLUSIVE PROSPECTING LICENCE (EPL) NO. 10556, 10557, AND 10558.

Under the Environmental Management Act No. 7 of 2007 and its 2012 EIA Regulations, the proposed exploration activities on EPLs 10556, 10557 and 10558 require Environmental Clearance Certificates (ECCs) from the Department of Environmental Affairs and Forestry (DEAF) before commencement. The public is notified that applications for ECCs to allow for exploration activities on 10556 (northwest of Hermeringhausen), 10557(North of Aradis), and 10558(North east of Karibib), will be submitted to the Environmental Commissioner. The environmental scoping process will be carried out to identify potential positive and negative impacts of the proposed activities and to support the evaluation process for ECCs.

The main target commodity on EPLs: Base and Rare Metals, Industrial Minerals, Dimension Stone, Nuclear Fuels and Precious Metals

Proponents: Kayunil Investments (Pty) Ltd
Environmental Consultant: Excel Dynamic Solutions (Pty) Ltd
Public members are invited to register as Interested and Affected Parties to comment/raise concerns or receive further information on the Environmental Assessment process.
Public Consultation meeting details will be communicated with all the registered I&APs. Registration requests should be forwarded to Excel Dynamic Solutions (Pty) Ltd on the contact details below, before or on **28th February 2025.**

How to Apply: Submit your CV by 21 October 2024 to Tracey Kiniti at: legal@myworkpay.com Don't miss this opportunity to join a dynamic team and contribute to international projects!

Happy... Springbok coach Rassie Erasmus. Photo: SA Rugby

Erasmus: Rugby is in great shape

SPRINGBOK coach Rassie Erasmus believes that rugby's entertainment value is already high, despite attempts to change the laws.

Much debate has been around World Rugby's attempts to increase ball-in-play time, which the powers that be believe will increase its viewership.

Laws such as taking away the scrum option from a free-kick and bringing in shot clocks at the set-piece are World Rugby's attempts at speeding up play.

After watching England's riveting 26-25 win over France in the Six Nations on Saturday, Erasmus took to social media to share his excitement.

"Eng v France had 83 kicks in play, 15 scrums and only 36min BIP, yet it

was one of the more exciting, games the 6 nations had in a while, tweeted the double World Cup-winning coach.

"I don't think the shape of the game can be judged always on statistics. If you did not watch the game, most will say those numbers won't create excitement. Rugby is in a great shape at the moment in my opinion! Lekka."

Former international referee Nigel Owens agreed with the coach. "I agree," said Owens in the comments.

"I've always said that high BIP time does not make a rugby game better, as you have rightly pointed out,"

"Too much tinkering with the laws and an obsession to let the game flow at all costs will take away from the game, not enhance it. The proof is in the pudding." -SABCSPORT

Scheduling change... South African marathon champion Elroy Gelant. Photo: BusinessLive

Gelant to surrender SA national marathon title

South African marathon champion Elroy Gelant has confirmed to *SABC Sport* that he will not defend his title this year due to the scheduling change.

The 38-year-old clinched victory at the Durban International Marathon last year, setting a new course record as part of the Athletics South Africa Championships.

However, ASA have moved the national marathon championships forward by two months, instead incorporating them into the Cape Peninsula Marathon, which is scheduled for Sunday, way ahead of Gelant's preparation schedule.

"I can confirm that I will not be defending my title at this year's ASA Marathon Championships in Cape Town. I won't be competing because it's a bit too soon for me," he told the national broadcaster.

"After last year's demanding schedule, I needed time off to recover.

Taking that break meant I didn't have enough time to properly prepare for the event." This confirms that there will be new champions in both the men's and female marathon category, after Cian Oldknow told *SABC Sport* last week that she will also not be competing in the marathon due to the timing of the race.

Gelant, who also won the national half-marathon title in 2024, will only begin his road-racing season in April, starting with the Absa Run Your City Gqeberha 10kilometre (km), followed by a 42.2km marathon in Rotterdam, Netherlands.

"My focus is on a marathon in Europe this April, where I aim to achieve the qualifying time for the World Championships in Tokyo, Japan, this September. My goal is to run under 2 hours and 7 minutes, which would be a satisfying result," he said. -SABCSPORT

NOTICE OF ENVIRONMENTAL SCOPING ASSESSMENT (ESA) FOR: THE PROPOSED EXPLORATION ACTIVITIES ON THE EXCLUSIVE PROSPECTING LICENCE (EPL) NO. 9687 LOCATED ABOUT 47 KM NORTHWEST OF KHORIKAS IN THE KUNENE REGION, NAMIBIA. Under the Environmental Management Act No. 7 of 2007 and its 2012 EIA Regulations, the proposed exploration activities on EPL 9687 require an Environmental Clearance Certificate (ECC) from the Department of Environmental Affairs and Forestry (DEAF) before commencement. The public is notified that an ECC application will be submitted to the Environmental Commissioner.

Brief Project Description: The environmental scoping process will identify potential positive and negative impacts of the proposed activities on EPL 9687 located about 47 km Northwest of the Khorikhas in the Kunene region. The target commodities on the EPL are Base and Rare Metals, Precious Metals, Dimension Stone and Industrial Minerals.

Proposed: Intercontinental Mining (Pty) Ltd **Environmental Consultant:** Excel Dynamic Solutions (Pty) Ltd Public members are invited to register as Interested and Affected Parties to comment/raise concerns or receive further information on the Environmental Assessment process. PUBLIC CONSULTATION MEETING MINUTES:

ENVIRONMENTAL SCOPING ASSESSMENT (ESA) FOR THE PROPOSED PROSPECTING & EXPLORATION ACTIVITIES ON EXCLUSIVE PROSPECTING LICENCE (EPL) No. 10033 LOCATED NORTH OF OUTJO, KUNENE REGION.

Date: Wednesday, 03 April 2025

Time: 10:00 – 11:00

Venue: Outjo Community Hall, Outjo, Kunene region.

The public consultation meeting was attended by one (1) person, including two (2) Environmental Consultants and one (1) Archaeologist from Excel Dynamic Solutions (Pty) Ltd (EDS) - **Please refer to the attached attendance register.**

1. INTRODUCTION AND WELCOMING REMARKS

The meeting was opened by the environmental consultant with an introduction of the team, who they are, and why they are consulting affected parties of the proposed prospecting and exploration activities on EPL 10033. The meeting attendance register was then circulated for the attendees to write down their names and contact details so that they could be added to the list of interested and affected parties (I&APs) and receive further information on the ESA process.

2. MEETING AGENDA AND PRESENTATION

The agenda of the meeting included the following main points:

2.1 Brief Description of the Project

The Environmental Scoping Assessment (ESA) and the reason that the Proponent appointed Excel Dynamic Solutions (Pty) Ltd (EDS), an independent Environmental Consultant to carry out the ESA and apply for the Environmental Clearance Certificate (ECC).

2.2 Explanation of what an ESA is, its Process, and the Public Role in the Process

Mr. Wilbard Angula explained to the attendees the purpose of the meeting and why they were invited (with reference to the Environmental Management Act (EMA) No. 7 of 2007 and its 2012 Environmental Impact Assessment (EIA) Regulations on Public Consultation). Mr. Wilbard Angula further explained what an ESA is and that the proposed exploration activities are one of the listed activities in the 2012 EIA Regulations of the EMA that cannot be undertaken without an ECC from the Environmental Commissioner.

2.3 Presentation of Potential Project Impacts

To ensure transparency and that the attendees understand both sides of the proposed project activities, the Environmental Consultants also presented the potential pre-identified potential positive & negative environmental and social impacts.

2.4 Public Open Discussion (Interactive Session)

Mr. Wilbard Angula allowed the meeting attendees to raise their concerns, issues and/or comments on the proposed project activities. The concerns/issues and comments recorded are presented in **Table 1** below.

Table 1: Comments and issues raised during the public consultation meeting, 03rd of April 2025.

Comment/ issue No.	Commenter name & issue/comment/question	Response and name of responder:
1	Commenter 1: Will an additional Environmental Impact Assessment (EIA) be conducted for the proposed mining operations?	Mr. Wilbard Angula (WA): The current process pertains exclusively to the preparation of an Environmental Scoping Report (ESR) for exploration and prospecting activities under Exclusive Prospecting Licence. Should the Environmental Clearance Certificate (ECC) be granted and the licensee proceeds with exploration, the discovery of commercially viable mineral deposits would necessitate an application for a Mining Licence (ML). At that stage, a comprehensive Environmental Impact Assessment (EIA) would be mandatory to evaluate the potential impacts of full-scale mining operations before approval is granted.

FINAL REMARKS AND CONCLUSION OF THE MEETING

Mr. Wilbard thanked the attendees for their crucial input through comments and raising their concerns. He indicated to the attendees that all their comments, concerns, and inputs had been noted down for consideration and addressing in the Environmental Scoping Assessment (ESA) Report as well as incorporating their recommendations into the draft EMP.

Furthermore, Mr. Wilbard informed the attendees that the draft meeting minutes, Environmental Assessment Report, and Environmental Management Plan (EMP) will be shared with them for review and further comments. These documents will be made available through emails provided on the attendance register.

Once the review of the draft ESA Report and EMP is done, the documents will be finalized and submitted to the Environmental Commissioner at the Department of Environmental Affairs and Forestry (DEAF) for evaluation and consideration of an ECC.

The meeting adjourned at 11h00.

Cc: 'public@edsnamibia.com' <public@edsnamibia.com>; iyaloon@edsnamibia.com

Subject: Public consultation meeting invitation for the Environmental Impact Assessment on the proposed Exclusive Prospecting License (EPL) No. 10051.

Dear Valued Stakeholder,

Bamba Mining Namibia (Pty) Ltd (The Proponent) proposed to undertake prospecting and exploration activities on Exclusive Prospecting License (EPL) No. 10051 located north of Outjo in Kunene region.

Mineral prospecting and exploration is one of the listed activities that cannot be undertaken without an Environmental Clearance Certificate (ECC) as per the 2012 Environmental Impact Assessment (EIA) Regulations of the Environmental Management Act No. 7 of 2007. The Proponent, therefore, appointed Excel Dynamic Solutions (Pty) Ltd, an independent Environmental Consultants firm to conduct the required Environmental and Social Impact Assessment (ESIA) process and apply for the ECC.

Furthermore, Sections 21 to 24 of the EIA Regulations require that Public Consultation is undertaken as one of the crucial components of the Environmental Assessment, which involves the pre-identification of potential Interested & Affected Parties (I&APs) or Stakeholders and ongoing registration of new I&APs and subsequent consultation. You have therefore been identified as a potential I&AP for this proposed activity, and the reason you are receiving this communication. Please find the attached Background Information Document (BID) and the site notice for the proposed exploration activities .

You are hereby invited to a Public Meeting as per the following details:

Date: 03rd March 2025

Time: 09H30

Venue: Sofia Shaningwa Fire Station Hall, Outjo.

Please share this communication with all stakeholders / interested and affected parties.

Excel Dynamic Solutions (Pty) Ltd consultants' team will require permission to access the farms as part of the Environmental and Heritage Assessment after the public consultation meeting.

We are looking forward to seeing you all at the meeting.

Regards,

The image shows a business card for Wilbard Angula, an Environmental Assessment Practitioner. The card is split into two main sections. The left section features the logo for Excel Dynamic Solutions (Pty) Ltd, which consists of a stylized 'E' and 'S' in blue and green. Below the logo are social media icons for LinkedIn, Facebook, Twitter, and Instagram, followed by the text 'excel_dynamic.solutions' and 'www.edsnamibia.com'. The right section contains the name 'Wilbard Angula' in a large blue font, followed by 'Environmental Assessment Practitioner' in a smaller green font. Subject: RE: Stakeholder engagement for the Environmental Impact Assessment on the proposed Exclusive Prospecting License (EPL) No. 10033.
Attachments: BID EPL_10033-Final.pdf

Dear Valued Stakeholder,

Manschaft Mining and Energy cc (The Proponent) proposed to undertake prospecting and exploration activities on Exclusive Prospecting License (EPL) No. 10033 located south of Outjo in Kunene region.

Mineral prospecting and exploration is one of the listed activities that cannot be undertaken without an Environmental Clearance Certificate (ECC) as per the 2012 Environmental Impact Assessment (EIA) Regulations of the Environmental Management Act No. 7 of 2007. The Proponent, therefore, appointed Excel Dynamic Solutions (Pty) Ltd, an independent Environmental Consultants firm to conduct the required Environmental and Social Impact Assessment (ESIA) process and apply for the ECC.

Furthermore, Sections 21 to 24 of the EIA Regulations require that Public Consultation is undertaken as one of the crucial components of the Environmental Assessment, which involves the pre-identification of potential Interested & Affected Parties (I&APs) or Stakeholders and ongoing registration of new I&APs and subsequent consultation. You have therefore been identified as a potential I&AP for this proposed activity, and the reason you are receiving this communication. Please find the attached Background Information Document (BID) for the proposed exploration activities.

The stakeholder meeting was held on **3rd April at the Outjo Community Hall**. Unfortunately, the event has already taken place, but participants who were unable to attend can still contribute by submitting their **comments and concerns** before the 16 April 2025. These inputs will be included in the scoping report.

Regards,
