**RE: Request for Environmental Impact Assessment Report.**

The above mentioned do bear reference.

The Environmental Health Office is writing to formally request a copy of the Environmental Impact Assessment (EIA) report for the feedlot situated near to the Keetmanshoop State Hospital.

Given the proximity of this facility to a healthcare institution, it is crucial to understand the potential environmental and public health implications associated with the operation.

Looking forward to a positive response.

Yours in Health.

Regards

Dr. Shalimba  
Senior Medical Officer
