New Basic Education Policy to Tackle Funding Gaps

...22% of Namibia's annual government spending goes into the education sector

 Dwight Links

A newer basic education policy is being installed to address the funding issues that persist within the basic education realm of the country.

Anna Nghipondoka, Minister of Basic Education, introduced the School Grant Policy 2021-2030 at the start of February in the National Assembly before the term of the current parliament ends this week (20 March swearing in).

Nghipondoka outlines that the reason for the policy's introduction into the current 10 year space is to deal with the distribution of funding and resource allocation in the public basic education realm.

"School funding remains an important issue in Namibia for several reasons. In the first place, it is the number of persistent educational historical inequities among schools and learners countrywide that negatively impact the performance of most learners," Nghipondoka explains.

The spending that the government commits to the education industry has been applauded by the international development agency UNESCO, which has motivated in literature that Namibia has to maintain its plan on ensuring access to education for whole generations across Pre-primary, Primary, Secondary and lastly Tertiary.

The last is not so greatly represented in the overall assessment as this field is under the auspices of the higher Education ministry.

On the aspect of true expenditure by the state on education, Nghipondoka indicates that there is a constant 20% allocation every financial year to the sector.

Secondly, the inequity in the distribution of financial resources among schools is in contention with our Constitution (Article 20) which demands that "all persons shall have the right to education."

"On average 22% of Namibia's annual government spending goes into the education sector, which does not necessarily translate into the realisation of the principles of equality, equity, efficiency, effectiveness, accountability and transparency in pre-primary, primary and secondary education," the minister indicates.

INPUTS

The new policy is based on research that was conducted through stakeholder consultation between 2018 and 2019.

These consultations were the basis upon which the funding model would be formulated that is contained within the policy.

The disease has led to extended quarantine periods, further limiting market supply.

"Farmers need to vaccinate their cattle and avoid unnecessary movement to control the spread," Shivandu warned.

Despite the slow market, Shivandu remains optimistic about an upward trend in the coming months.

"I visited some auctions, and prices are starting to recover. By February and March, we should see more improvement," he stated.

Farmer Martin Indongo echoed these concerns, noting that good grazing conditions have lessened the urgency to sell.

"Right now, demand is low. If someone slaughters cattle, they may struggle to find buyers," he said.

She said national and regional consultations were conducted to inform the development of a funding model that is current and addresses the already established principles, especially the principle of equity.

This consultation process resulted in the development of the School Grant Policy.

"The aim of which is to reduce existing inequities through an efficient and equitable funding mechanism that ensures that schools and their learners from different socio-economic backgrounds access adequate resources required to participate fully in education, despite their past historical material or social disparities," Nghipondoka explained.

FUNDING APPROACH

The government will be primary support for the funding model.

The policy notes that this will be based on four tributaries that feed the overall goals of the education sector in Namibia.

"To achieve the policy goal and objectives the Government shall apply a four-objective funding formula that allows for flexibility in times of severe fiscal stress, and at the same time addresses the basic education curriculum needs in the different phases of education," the policy outlines.

The motivation is that schools and learners with lesser resources at their disposal will

be able to improve their performance in the sector and that the funding is to be allocated as extensively as possible.

"While this funding formula ensures that all schools and learners have access to matching teaching and learning resources, schools that are disadvantaged in terms of educational resources and infrastructure shall be allocated additional funding in order to bring them up to par with well-resourced schools," she stated.

This representation still persists in the Namibian education landscape as there are schools and learners with minimal resources and infrastructure. The formula is also based on the weighted cost of resource spring to each learner in the classroom per school.

"The total allocation per school shall be determined by the weighted cost for each learner enrolled based on curriculum attainment needs, unique individual learner needs, co-curricular and extracurricular/extramural needs plus the school characteristics factor," highlighted Nghipondoka.

The school characteristics factors are based on four factors.

These are the category of remoteness of the school; the socio-economic status of the community in which the school is located. The the asset index which is determined through analysis of the Namibia Household Income and Expenditure Survey data.

The operational cost; and the relief teacher salaries and transport costs for School Board members.

CALL FOR REGISTRATION AS INTERESTED AND AFFECTED PARTIES

ENVIRONMENTAL ASSESSMENT FOR AN APPLICATION FOR ENVIRONMENTAL CLEARANCE FOR THE PROPOSED 30 MW PV SOLAR PARK (30 HA) AND THE ASSOCIATED 30 kV LONG 66 kV POWERLINE IN OSHANA REGION

1. PROJECT SITE AND DESCRIPTION

Masau Investment (Pty) Ltd (the Proponent), intends to apply to obtain an Environmental Clearance Certificate (ECC) for the Proposed Establishment and Operation of a 30 MW PV Solar Park (30 Ha) on farm Masau No. 885 and the Associated 30 kV long 66 kV Powerline (from the plant to the Oshana Substation in Tsumeb) Oshana Region. The key component of the proposed activity entails the fencing off, construction of the proposed plant, and operations thereof (i.e. energy generation and transmission into the national grid via the Oshana Substation).

2. PUBLIC PARTICIPATION PROCESS

EnviroLeap Consulting invites all Interested and Affected Party (I & AP) to register and receive Environmental Assessment (EIA), Scoping and EMP documents relating to the proposed project for their comments and input.

3. COMMENTS AND QUERIES

Interested and Affected Parties are hereby requested to register by writing to us at the address below no later than **18 April 2025**.

New N\$50 Million Housing Project for Divundu

Annaketa Haikera

Divundu will begin a new N\$50 housing development, this year to meet the growing demand for urban, modern infrastructure in the Mukwe Constituency, Kavango East Region.

Announced on Thursday by Mukwe Constituency Councillor Damian Maghambayi, the project will see the construction of 110 modern homes by El-Shaddai Trading Enterprise.

The construction is also expected to boost the constituency and Divundu economy and growth prospects through the spill effect and multiplier effect.

Maghambayi emphasised that the development would not only address the long-standing housing demand in the area but also create job opportunities for local youth, contributing to poverty reduction and fostering a sense of pride within the community.

"People from all walks of life can now begin preparing to secure bank pre-approvals and arrange their subsidies in order to purchase these modern homes," he said.

Maghambayi explained that the project and the investments are a critical step in supporting Divundu's expanding businesses, schools, and tourism sector, positioning the town as a key player in the region's economic development.

"These new homes represent more than just infrastructure; they symbolise a future of economic growth and improved living standards for the people," Maghambayi added.

Divundu, which already houses several lodges, supermarkets, and a growing blueberry farm, continues to thrive with key institutions like the Divundu Correctional Facility, Army Base, and Agricultural Research Centre contributing to the region's development.

"This infrastructure project is key to strengthening Namibia's presence in the region and global markets," Maghambayi stated.

Dinyando Tjitho, a Divundu resident, expressed the excitement of the local community.

"For years, we have hoped for Divundu to grow into a significant area, second only to Rundu.

With this new development, we are eager to purchase the homes and look forward to further improvements in the area," Tjitho said.

In an additional boost to the project, El-Shaddai Trading has partnered with MTC to provide internet connectivity through MTC's Spectra Home service, marking the first such connection in Divundu.

This partnership will bring transformative digital access to the town, enhancing connectivity for residents.

Maghambayi concluded by noting that the government's commitment to affordable housing would ensure a bright future for Divundu, contributing to the continued flourishing of its economy and positioning the town as a catalyst for broader regional growth.

PUBLIC NOTICE

ENVIRONMENTAL IMPACT ASSESSMENT (EIA) FOR THE PROPOSED BKM ACCESS GRAVEL ROAD OFF MR 124 (C34) ROAD OKATUMBA TO OTJANI VILLAGE, KUNENE REGION, NAMIBIA.

EnviroPlan Consulting cc hereby gives notice to all potential interested and Affected Parties (I&APs), that an application for Environmental Clearance Certificate will be made to the Environmental Commissioner in terms of the Environmental Management Act (No. 7 of 2007) as follows:

Proponent: Ministry of Works and Transport

Environmental Assessment Practitioner: EnviroPlan Consulting cc

Project Description: Ministry of Works and Transport hereby refers to as the project proponent intends to establish an 8 km access gravel road off C34 road Okatumba to Otjani village, Kunene Region, Namibia. The proposed access road came into consideration after the Kunene regional council raised concerns over the accessibility to newly established Rural constituency office, Otjani Clinic and Primary school. These amenities offer a very vital social and economic benefits to the community and the region at large. With the increase in lucrative business opportunities in the region, Otjani remains centralised to mining, tourism activities and administrative services.

Project Location: Off C34 road Okatumba to Otjani Village, Kunene Region, Namibia. Otjani village is located approximately 60km from Opvovo along the C43 road to Sesfontein. The proposed 8km access gravel road coordinates are as follows:

Point number	Latitude	Longitude
Starting point	-18, 57291	-13, 72089
Point 1 - Proposed route	-18, 57304	-13, 71242
Point 3 - Alternative route	-18, 57091	-13, 71168
Point 4 - Alternative and proposed meet with existing track road	-18, 57332	-13, 70496
Point 5 - Access to shopping Centre	-18, 56689	-13, 67833
Point 6 - Opvovo rural constituency offices	-18, 56359	-13, 67582
Point 7 - Primary school	-18, 56309	-13, 67851
Point 8 - Clinic	-18, 56179	-13, 67921

Public participation process: Interested and Affected Parties are hereby notified that public consultations are ongoing and a meeting will be held on the 29th March 2025 at the Rural constituency offices in Otjani village

DATE AND TIME	ACTIVITY	VENUE - VILLAGE

ENVIRONMENTAL CLEARANCE NOTICE

Public Participation Notice in terms of Regulation No. 20, Section 21 under the Environmental Management Act (Act No. 7 of 2007)

Project Activity / Project Name: Subdivision - Dividing Portion X from Farm Heritesbaai Townlands No. 133, which is currently zoned "Undetermined" - Rezoning - Changing the zoning of Portion X (1.47 hectares) from "Undetermined" to "Public & Private Parking Space" + Consolidation - Merging Portion X (1.47 hectares) with an 8,000 square meter plot that has already been approved for the development of a boutique hotel.

REPORT TITLE: BA for Subdivision of Farm Heritesbaai Townlands No. 133 Into Portion 144 and Remainder, Rezoning of Portion 144 (1.47 Hectares) From "Undetermined" To "Parking," And Consolidation of Portion 144 With Portion 132 Of Farm Heritesbaai Townlands No. 133, Erongo Region

Project Location: Portion 144 of Farm Heritesbaai Townlands No. 133, Erongo Region, Namibia.

Proponent: Continuum HB Property Investments (Pty) Ltd

EAP: Erongo Consulting Group (Pty) Ltd

Reviewer: Ministry of Environment, Forestry & Tourism (MEFT)

The EIA for the boutique hotel development in Heritesbaai will evaluate the environmental effects of the subdivision, rezoning, and consolidation of land. It will assess impacts on local ecosystems, water management, traffic, and the community. The EIA will also propose mitigation measures to minimize negative effects, ensuring sustainable development while protecting the environment.

We invite Interested and Affected Parties (I&APs) to join the public consultation process. Comments are welcome until 16th March 2025. A public meeting will be held based on stakeholder interest.

Contact Information: T: +264 (0) 81 878 60 76 E: info@erongoconsultinggroup.co.za

We value your input and look forward to your contributions to ensure high environmental standards and sustainability.

ENVIRONMENTAL CLEARANCE NOTICE

Public Participation Notice in terms of Regulation No. 20, Section 21 under

Report Title: Environmental Impact Assessment (EIA) for Prospecting Activities under Exclusive Prospecting License (EPL) 10173, Opvovo Magisterial District, Kunene Region, Namibia

Project Location: EPL 10173, Kunene Region, Opvovo Magisterial District, near the southwestern border of Angola. Coordinates: 17°07'32.26" S, 13°15'44.50" E

Proponent: Frangon Investment CC

EAP: Erongo Consulting Group (Pty) Ltd

Competent Authority: Ministry of Mines & Energy (MME)

Reviewer: Ministry of Environment, Forestry & Tourism (MEFT)

Local Authority: Opvovo Town Council, Kunene Region, Namibia

The EIA for EPL 10173 in the Opvovo Magisterial District will assess environmental and social impacts, including land disturbance, water resources, biodiversity or quality, noise, and socio-economic factors. Mitigation measures will ensure sustainable exploration while protecting the environment and communities. Interested and Affected Parties (I&APs) are invited to participate. Submit comments by 25 March 2025. A public meeting will be held there & latest.

Contact Information:

Tel / WhatsApp: +264 (6) 81 878 60 76

Email: info@erongoconsultinggroup.co.za / erongoconsulting@gmail.com

How to Participate:

• Register as an I&AP: To receive project updates and documents, including the Draft EIA Scoping Report and Draft Environmental Management Plan (EMP), please contact Erongo Consulting Group using the details above.

• Submit Comments: Written comments can be submitted via email or post to the addresses provided.

• Public Meetings: Details of public meetings (if applicable) will be communicated to registered I&APs.

Note: All comments received during the commenting period will be reviewed and addressed in the final EIA report. Your participation is vital to ensuring that the project is conducted in an environmentally and socially responsible manner.
