

1. Proponent

- FSN Mining (Pty) Ltd
Licence holder and project proponent responsible for the proposed exploration activities on EPL 10024.

2. Environmental Assessment Practitioner

- Augite Environmental Consultants cc
Appointed Environmental Assessment Practitioner (EAP) responsible for conducting the Environmental Scoping Study, coordinating public consultation, maintaining the I&AP register, and preparing the Environmental Management Plan.

3. Local Communities and Residents

- Residents and community members from:
 - Anker
 - Erwee
 - Kamanjab
- Communal farmers and livestock owners utilising grazing land within and adjacent to EPL 10024
- Community members encountered during site visits and field consultations

4. Conservancies and Conservancy Management Structures

- Anker Conservancy Committee
- Torra Conservancy Committee
- Conservancy managers and administrative staff
- Conservancy game guards and environmental monitors

These entities were registered as I&APs due to their land custodianship role, wildlife management responsibilities, and tourism interests within the project area.

5. Traditional Authorities

- Kamanjab Traditional Authority
- Recognised headmen and local traditional leaders representing communities within the EPL influence area

Traditional Authorities were consulted and registered in recognition of communal land tenure systems, customary governance structures, and cultural oversight responsibilities.

6. Local and Regional Government

- Kunene Regional Council
- Kamanjab Constituency Councillor's Office
- Kamanjab Village Council / Local Authority (where applicable)

These entities were registered due to their statutory roles in regional development planning, land use coordination, and service delivery.

7. National Government Ministries and Organs of State

The following organs of state were notified and registered in accordance with Regulation 22 due to their regulatory mandates:

- Ministry of Environment, Forestry and Tourism (MEFT)
 - Directorate of Environmental Affairs
 - Directorate of Parks and Wildlife Management (where relevant)
- Ministry of Mines and Energy (MME)
 - Directorate of Mining and Prospecting
- Ministry of Agriculture, Water and Land Reform (MAWLR)
 - Directorate of Rural Water Supply (where applicable)
- National Heritage Council of Namibia (NHC)
 - Due to the archaeological and cultural sensitivity of the Kunene Region
- Ministry of Works and Transport (MWT)
 - In relation to road access and transport infrastructure (where applicable)

8. Tourism Operators and Private Land Users

- Tourism lodge operators and safari companies operating within or adjacent to:
 - Torra Conservancy
 - The broader Palmwag–Damaraland tourism corridor
- Professional guides and tour operators utilising access routes near EPL 10024

These stakeholders were registered due to their reliance on the natural landscape, wildlife presence, and wilderness character of the area.

9. Non-Governmental Organisations (NGOs) and Civil Society

- NGOs involved in:
 - Community-Based Natural Resource Management (CBNRM)
 - Wildlife conservation
 - Rural community development
- Environmental and conservation-focused organisations active in the Kunene Region (where interest was expressed)

10. Other Interested Parties

- Members of the public who responded to:
 - Newspaper advertisements
 - Public notices
 - Direct invitations to register as I&APs
- Individuals requesting project information or wishing to receive updates on the application
