The activities of the mine, besides mining, also include social responsibilities, taking great care of the community in the surrounding areas and beyond.

We strongly recommend them for any assistance from your good offices in poverty alleviation and job creation.

Therefore, Huab Conservancy Management has no objection with the mining operations within the above-mentioned boundaries in Huab Conservancy area as per the provision made in the **Game Management Utilization Plan** for small scale mining operations.

We trust you find this in order.

Kind regards,
