Dear Mr. Mufeti

SUBJECT: THE APPLICATION IS SUBMITTED FOR THE RENEWAL OF AN EXPIRED ECC (ECC NO. 02218) – FOR NO ACTIVITY HAS BEEN IMPLEMENTED YET

As may be evident from the Background Information Document (BID) submitted as part of the renewal application – the detailed Environmental Scoping process was undertaken during the initial process of obtaining the ECC.

Critically, due to lack of funds the Sand Extraction and Construction Aggregate Quarrying activity was never implemented, therefore no impact has been done to the project area. However, the proponent has now found potential investors and thus wishes to renew their ECC (see attached) in order to be able to commence with the proposed activity(s).

Therefore, we are concern that the number of documents being requested for a renewal application may not be applicable and consequently we attached those that we deem relevant and necessary for your office.

Sincerely yours

Lawrence Tjatindi,
Lead Project Manager
