Dear Esteemed stakeholder

This email serves to inform you that **SS Consultants CC** (the consultant) has been appointed by **Naftal Shailemo** (the proponent) to act on their behalf in obtaining an Environmental Clearance Certificate (ECC) for the proposed mineral exploration activities on Exclusive Prospecting License (EPL) no. 9887 located east of Henties bay, in the Erongo region. This EPL overlies the following areas/farms: Capri no. 175, Rietkuil no. 176, Oberwasser - west no. 182, Sorento no. 113 and Marenicca no. 114 as shown in the attached documents.

SS Consultants has subcontracted Excel Dynamic Solutions (Pty) Ltd, an independent environmental consulting firm, to conduct the required public consultation and field assessments that form part of the ECC application.

Mineral prospecting and exploration is one of the listed activities that cannot be undertaken without an Environmental Clearance Certificate (ECC) as per the 2012 Environmental Impact Assessment (EIA) Regulations of the Environmental Management Act No. 7 of 2007. Furthermore, Section 21 to 24 of the EIA Regulations requires that Public Consultation is undertaken as one of the crucial components of the Environmental Assessment, which involves the pre-identification of potential Interested and affected Parties (I&APs) or Stakeholders and ongoing registration of new I&APs and subsequent consultation.

You have therefore been identified as a potential Interested & Affected Party for this proposed activity hence why you are receiving this communication.
