ENVIRONMENTAL SCOPING REPORT FOR THE ECC APPLICATION OF:

BORROW PIT AT KM -91 (DIRECTION RUNDU TO DIVUNDU) REQUIRED FOR REHABILITATION WORKS ON TR0804 PHASE 03: BETWEEN RUNDU AND DIVUNDU IN THE KAVANGO EAST REGION.

Public Participation Process

A Public Participation process was conducted for this project which are in guidance with the requirements of the Environmental Management Act no.7 of 2007 and associated Regulations.

The methodology followed during the public participation process was to make use of existing communications between Element Consulting Engineers / Roads Authority and the relevant stakeholders and interested and affected parties, as well as personal interviews conducted by Enviro Management Consultants Namibia.

The proposed BP areas are exclusively situated on land privately owned; therefore, the land owners were consulted on a personal level and compensation agreements were reached. The proposed project was advertised twice in various newspapers (as indicated below).

The project was advertised in the Market Watch section of the Daily Sun, Republikein and Allgemeine Zeitung on two separate occasions:

6 May 2025 and, 13 May 2025.

Please find attached the Advertisement that was placed in the various newspapers, the list of I&AP's that were identified and consulted during the public consultation process as well as the Issues and concerns register.

A Background Information Document (BID) was compiled and was available to any persons that registered as an Interested and Affected Party before the closure of the registration period on the 27th May 2025.

currency circulation, rising from 2023 to N85.6.

"The issuance of currency is a sovereign act, enshrined in Article 128(1) of the Namibian Constitution and further articulated in Section 38(1) of the Bank of Namibia Act", Gawaxab said of the need to launch the modified banknote.

These legal provisions are the legal scaffolding upon which the stability of our economy rests. However, our mandate goes beyond mere issuance. It encompasses the safeguarding of value, the deterrence of counterfeiting and the maintenance of public trust," he said.

currency circulation, rising from N85.2 billion in 2023 to N85.6 billion. "This growth is indicative not only of economic expansion but of the confidence that Namibians place in their currency as a store of value," !Gawaxab said.

Secure, they transact with confidence at the confidence and that confidence are confidence are confidence and that confidence are confidence are confidence and that confidence are confidence are confidence are confidence and that confidence are confidence and that confidence are confidence are confidence are confidence and that confidence are confidence are confidence are confidence and that confidence are confidence are

The modification also aimed to counter instances where the unscrupulous characters would attempt to create fake banknotes.

"In terms of safeguarding our currency from counterfeiting, it is equally significant to note a 10.7% decline in counterfeit.

Deterring counterfeiting
The modification also aimed to counter instances where the unscrupulous characters would attempt to create fake banknotes.
