Email: exp.tjindil@gmail.com

PUBLIC NOTICE

Take note that HARMONIC TOWN PLANNING CONSULTANTS CC, Town and Regional Planners, on behalf of the owner of the respective Erf, intends to apply to the Swakopmund Municipality and the Urban and Regional Planning Board for the:

- Rezoning of Erf No. 2279 Turmain Street, Swakopmund (Extension B), from "Single Residential" with a density of 1900 to "Semi-Residential Z" with a density of 1250; and
- Consent to commence with the proposed development while the rezoning is in progress.

Erf 2279 Turmain Street (Extension B) measures 11300m² in extent and is zoned "Single Residential" with a density of 1900 as per the Swakopmund Zoning Scheme. It is located in Turmain Street, Vintera (Extension B). The owners intend to secure Erf 2279 to accommodate more rental units to provide rental accommodation that is in line with the Swakopmund Municipality's regulations. The proposed rezoning will allow the owners to accommodate additional units on the Erf thus, optimizing the use of the Erf to its full potential and catering for the housing demand in Swakopmund.

Sufficient parking for the development will be provided in accordance with the requirements of the Swakopmund Zoning Scheme. The facility plan of the Erf lies for inspection on the town planning notice board at the Swakopmund Municipality and at Harmonic Town Planning Offices, 708 Pastoor Street, Windhoek West.

Any person objecting to the proposed use of the land as set out above may lodge such objection together with the grounds thereof, with the Swakopmund Municipality and with the Applicant in writing within 14 days of the first publication of this notice. Final date for objections is **Thursday, 09 October 2025**.

VACANCY

ELIKO DIAMONDS PTY LTD

We're Hiring

We invite candidates who are passionate and experienced for the required positions:

1. General Manager
2. Tiple XXX Diamond polisher in Hearts and Arrows and specialized shaper
3. Specialized Evaluator for high value and big stones
4. Quazer Laser machine operator
5. Galxy scanner operator
6. Specialized Fancy shape operator
7. Sane Rapier operator
8. Ap Cutting machine operator
9. Auto Drill Machine operator

Requirement to apply for the job:

1. Grade 12 and above
2. Certified hard copy of ID
3. Fluent in English
4. Police Clearance Certificate (not older than 6 months or receipt)
5. Experience letter / Training Certificate
6. Disadvantaged citizens are encouraged to apply.

How to apply: email your CV and supporting documents to - eliko@elikopty.co.za

Due date for application: 09 September 2025 at 10:00 (SAT)

Need to advertise? Our expert sales staff is here to help!

PUBLIC NOTICE

Please take note that Kamau Town Planning and Development Specialists and Environmental Consultants has been appointed by the owner of the Remainder of Portion B of the Lüderitz Town and Townlands No. 11 to apply to the Lüderitz Town Council, the Urban and Regional Planning Board, and the Environmental Commissioner for the:

- (1) Subdivision of the Remainder of Portion B of the Lüderitz Town and Townlands No. 11 into Portion A, Portion B and Remainder of Portion B of the Lüderitz Town and Townlands No. 11
- (2) Rezoning of the proposed Portion A from "Undetermined" to "Residential Z" with a density of 1150.
- (3) Rezoning of the proposed Portion B from "Undetermined" to "Street".
- (4) Attention of the Board of Lüderitz Proper to include Portion A and B.
- (5) Request for the waiver of the Setback and Endowment Fees in Lieu of street creation on Portion B.
- (6) Consent to begin with construction while the subject application is in progress.

In accordance with the Lüderitz Zoning Scheme, Part 2, Section 105 of the Urban and Regional Planning Act 208 (Act No. 8 of 2016), the Environmental Management Act, 2007 (No. 7 of 2007) and the Environmental Impact Assessment Regulations (Government Notice No. 30 of 6 February 2002, Kamau TPOS hereby provides public notification of the above application. The owners of the proposed subdivided Portions A and B intend to secure Portion A to "Residential Z" and Portion B to "Street". They also intend to alter the boundaries of Lüderitz Proper to include the proposed subdivided Portions A and B. In addition, the owners wish to commence construction while the application is being processed. The purpose of this application is to enable rocky bay investment CC, who were allocated Portion A, to construct workers' accommodation on the proposed Portion A and to create a street on the proposed Portion B. The remainder of Portion B within Lüderitz Town and Townlands No. 11 will remain unchanged.

Please further take note that -

- (1) For more enquiries regarding the subdivision, rezoning, consent, waiver of setback and endowment fees and alteration of boundaries, kindly visit the Lüderitz Town Council's Department of Planning.
- (2) Any person having objections to the proposed development or who wants to comment, may lodge such objections and comments in writing, together with the grounds, with the Chief Executive Officer of the Lüderitz Town Council and with the applicant within 14 days of the last publication of this notice, i.e. no later than 09 October 2025.

REGISTRATION OF INTERESTED AND AFFECTED PARTIES (I&AP) AND SUBMISSION OF COMMENTS:

Provided that the Lüderitz Town Council provisionally grants consent for an Environmental Impact Assessment (EIA) to be conducted for the creation of a street on the proposed Portion B, all interested and Affected Parties (I&AP) are hereby invited to register and submit their comments, concerns or questions in writing on or before 09 October 2025 in line with Namibia's Environmental Management Act, 2007 (No. 7 of 2007) and EIA regulations (Government Notice No. 30 of 6 February 2002).

Japan Donates Ambulances Worth N\$9M to MOHSS

Loise Shimi

The Ministry of Health and Social Services has received a donation of three ambulances from the government of Japan.

During the handover ceremony, Noriaki Sadamoto, Chargé d'Affaires and interim head of the Embassy of Japan in Namibia, noted that the three ambulance trucks are valued at N\$9 million.

They form part of the Japanese Grant Aid for the Economic and Social Development Programme to the Government of the Republic of Namibia.

The total value of this programme is approximately N\$50 million, and additional medical equipment was already distributed to 17 hospitals in Namibia in 2022.

"The donation of these ambulances is a testament to the enduring friendship and co-operation between our two countries. Japan has a long history of providing assistance to Namibia, and we are committed to continuing our support to strengthen Namibia's healthcare system and improve the lives of its people," Sadamoto said.

He emphasised that access to quality healthcare is a fundamental human right and that Japan is dedicated to collaborating with Namibia to ensure that every Namibian can lead a healthy and productive life.

Photo: Contributed

Over the years, Japan has funded various projects through different UN agencies, such as WHO, UNICEF, and UNFPA, focused on achieving universal health coverage (UHC). These initiatives include effective cold chain management, access to quality essential healthcare services, and the availability of safe, effective, and affordable essential medicines and vaccines for all.

Earlier this year, UNICEF Namibia received a total of N\$8.63 million from the Japanese government's supplementary budget. In this regard, Sadamoto noted that working closely with the Ministry of Health and Social Services and the Ministry of Agriculture, Water, and Land Reform is integral.

The funds will benefit approximately 48,000 people in the Kunene, Omaheke, Omusati, and Zambezi regions by equipping and operationalising paediatric wards and clinics with essential life-saving equipment, nutrition supplies, and technical support for system strengthening.

"The funds will also be used to procure and distribute essential WASH supplies to households and schools in affected communities within the target regions," he added.

The three donated ambulances will be allocated to three hospitals: Opuwo District Hospital in the Kunene Region, Katima Mulilo District Hospital in the Zambezi Region, and Keetmanshoop District Hospital in the Karas Region.

Health Minister Esperance Luvindao, in her address at the handover ceremony, noted that an ambulance is more than just a vehicle; it represents hope, urgency, and the ability to save lives when every second matters.

She expressed her gratitude to the government and people of Japan, stating that this is an act of solidarity, and not only a gift of ambulances, but also a gift of health, dignity, and renewed strength for the emergency medical system.

"These ambulances will strengthen our emergency medical services, improve response times, and ensure that patients, whether from remote villages or busy towns, can access critical care when they need it most. They are not just machines; they are mobile extensions of our hospitals and clinics, bringing healthcare closer to those in need," she said.

Reflecting on her personal experiences, the minister mentioned the challenges faced by patients in remote areas. She recounted visiting a rural clinic in the Zambezi Region, where she met a young mother who had to travel over 50 kilometres by donkey cart to reach the clinic when she went into labour.

"While the outcome was ultimately positive, this story underscores the critical need to bridge the gap between our health facilities and the remote communities they serve. It reinforced my commitment to enhancing our emergency response capabilities, ensuring that no one is left behind due to geographical constraints," she remarked.

Months ago, the ministry commissioned 36 ambulances that were procured and dispatched to all 14 regions of Namibia.

Namibia Hosts Regional Training on Chemical Weapons Emergency Response

Patemoshela Lukoko

Namibia is hosting the 2025 Integrated Advanced Course and Exercise on Assistance and Protection Against Chemical Weapons for Anglophone States Parties in Africa.

The week-long training opened on Monday at the Seaside Hotel & Spa in Swakopmund and is organised by the Organisation for the Prohibition of Chemical Weapons (OPCW) in partnership with the Namibian government.

The opening ceremony was attended by Deputy Minister of Industries, Mines and Energy, Gaudentia Kröhne, who delivered the keynote address, alongside OPCW representative Babatunde Olowookere.

Also present were Diina Nashidengo, Chairperson of the Namibia National Authority and Director of Commerce, officials from the Ministry of Industries, Mines and Energy, and participants from across Africa.

Kröhne noted the 2023 confirmation by the OPCW of the destruction of all declared chemical weapons stockpiles, achieved 26 years after the Chemical Weapons Convention entered into force.

She said this demonstrated the importance of cooperation, vigilance, and preparedness.

"In hosting this course once again, Namibia continues to demonstrate its commitment to regional preparedness and international peace," Kröhne said. She added that Namibia previously hosted the training in Swakopmund in 2022 and in Windhoek in 2024.

Olowookere commended Namibia's role as a partner of the OPCW and thanked the Ministry of Industries, Mines, and Energy for co-organising the programme.

He said that after the destruction of stockpiles in 2023, the OPCW has shifted focus to preventing re-emergence and to strengthening cooperation, with special attention to Africa.

"The OPCW provides Member States with expert guidance, technical support, and essential resources to safeguard their populations against chemical weapons threats," Olowookere said.

He explained that the course is part of the 2024–2025 regional cycle under the Assistance and Protection Programme.

Over the next five days, participants will train in personnel protection, detection and sampling, decontamination, operational readiness, and zone management during emergencies. Instructors from Kenya, Namibia, Uganda, Tanzania, and Zambia will conduct the sessions.
