Venue: Kombat Lodge, Kombat

The EPL covers multiple farms, including: Clubhead No. 747, Rietfontein No.44, Nehlen No.1782, Block_6 No.596, Rietfontein 344, Neu Sommerau No. 1359, Naueis No. 1695, Askevold No.1694, Gross Otavi No. 805, Karlsruhe No.520, Hellertal No.521, Kaiserfelden No.758 and Dammbeck No.511

Following the public consultation meetings, the Excel Dynamic Solutions (Pty) Ltd consultant teams will require permission to access the farms for the Environmental and Heritage Assessment. This assessment is an important part of the EPL application process, and will provide additional information about the potential impact of the proposed project on the local environment and heritage.

We are looking forward to seeing you all at the meeting.

Kind regards,

Subject: Stakeholders identification for the proposed prospecting and exploration activities on EPL No. 10405 located near Kombat in the Otjozondjupa region.

Dear Esteemed Interested & Affected Party,

Na Big Mountain Investment (Pty) Ltd (The Proponent) proposes to undertake prospecting and exploration activities on **Exclusive Prospecting License (EPL) No. 10405 located near Kombat in the Otjozondjupa Region.**

Mineral prospecting and exploration is one of the listed activities that cannot be undertaken without an Environmental Clearance Certificate (ECC) as per the 2012 Environmental Impact Assessment (EIA) Regulations of the Environmental Management Act No. 7 of 2007. The Proponent, therefore, appointed Excel Dynamic Solutions (Pty) Ltd, an independent Environmental Consultants firm to conduct the required Environmental Scoping Assessment (ESA) process and apply for the ECC.

Furthermore, Sections 21 to 24 of the EIA Regulations require that Public Consultation is undertaken as one of the crucial components of the Environmental Assessment, which involves the pre-identification of potential Interested & Affected Parties (I&APs) or Stakeholders and ongoing registration of new I&APs and subsequent consultation. You have therefore been identified as a potential I&AP for this proposed activity, and the reason you are receiving this communication.

Please find the attached Background Information Document (BID) the proposed prospecting and exploration activities.

The EPL covers multiple farms, including: Clubhead No. 747, Rietfontein No.44, Nehlen No.1782, Block_6 No.596, Rietfontein 344, Neu Sommerau No. 1359, Naueis No. 1695, Askevold No.1694, Gross Otavi No. 805, Karlsruhe No.520, Hellertal No.521, Kaiserfelden No.758 and Dammbeck No.511

We would greatly appreciate if the landowners could kindly provide us with their names, farm names, and contact details so that we can register them as Interested and Affected Parties (I&APs).

We are currently working to finalize the date for the stakeholders engagement meeting and will provide further details once this information is available.

Kind regards,

Farms affected by the EPL.pdf;

Dear Jafet,

As we previously discussed, I am an Environmental Assessment practitioner from Excel Dynamic Solutions, a consultancy firm that specializes in assessing the environmental impacts of Exclusive Prospecting Licenses (EPLs), I am reaching out to request the contact details of the farmers listed in the attached document.

The farmers listed in the attached document own land in the Otjozondjupa region that falls within the area affected by the EPL, and it is crucial that we engage with them to ensure their input in the assessment process.

I have already established contact with some of the farmers through their representative union.

However, I am still missing the contact details of several farmers whose farms fall within the EPL area.

I greatly appreciate your assistance in this matter. Please do not hesitate to reach out if you have any questions or concerns.

Kind regards,
