Dear Esteemed Stakeholder,

This email serves to inform you that Excel Dynamic Solutions (Pty) Ltd (the consultant) has been appointed by **Manschaft Mining and Energy (Pty) Ltd** (the proponent) to act on their behalf in obtaining an Environmental Clearance Certificate (ECC) for the proposed mineral exploration activities on Exclusive Prospecting License (EPL) no. 10555 located near Braunfels, in the Kunene region. EPLs overlies the !Khorro !Goreb conservancy and covers the following farms: as shown in the land use map in the Background Information Documents Attached.

Mineral prospecting and exploration are one of the listed activities that cannot be undertaken without an Environmental Clearance Certificate (ECC) as per the 2012 Environmental Impact Assessment (EIA) Regulations of the Environmental Management Act No. 7 of 2007. Furthermore, Section 21 to 24 of the EIA Regulations requires that Public Consultation is undertaken as one of the crucial components of the Environmental Assessment, which involves the pre-identification of potential Interested and affected Parties (I&APs) or Stakeholders and ongoing registration of new I&APs and subsequent consultation.

**You have therefore been identified as a potential Interested & Affected Party for this proposed activity, hence why you are receiving this communication.**

Please find the attached BID that comprises of more information of the proposed project

Dear Esteemed stakeholder,

This email serves to inform you that Excel Dynamic Solutions (Pty) Ltd (the consultant) has been appointed by Manschaft mining & Energy (Pty) Ltd (the proponent) to act on their behalf in obtaining an Environmental Clearance Certificate (ECC) for the proposed mineral exploration activities on Exclusive Prospecting License (EPL) 10555 Located west of Braunfels, Kunene Region & Erongo region.

Mineral prospecting and exploration are listed activities that cannot be undertaken without an Environmental Clearance Certificate (ECC) as per the 2012 Environmental Impact Assessment (EIA) Regulations of the Environmental Management Act No. 7 of 2007. The Proponent, therefore, appointed Excel Dynamic Solutions (Pty) Ltd, an independent Environmental Consultants firm to conduct the required Environmental Scoping Assessment (ESA) process and apply for the ECC.

Furthermore, Sections 21 to 24 of the EIA Regulations require that Public Consultation is undertaken as one of the crucial components of the Environmental Assessment, which involves the pre-identification of potential Interested & Affected Parties (I&APs) or Stakeholders and ongoing registration of new I&APs and subsequent consultation. You have therefore been identified as a potential I&AP for this proposed activity, and the reason you are receiving this communication.

Please find the attached **Background Information Document (BID)** for the proposed project. Once the ESA process is completed, a draft ESA Report will be compiled and together with its associated documents/appendices will be shared with you for review and comments before we submit these to the Department of Environmental Affairs (DEA) of the Ministry of Environment and Tourism (MET) for evaluation and consideration of the ECC.

Should you have any comments or concerns that you would like us to include in the ESA Report and its associated documents about the proposed project, please do not hesitate to send them to us.

Regards,

## Submission of BIDs to Gaiodaman Traditional Authority- Near Braunfels.
