Dear Esteemed Interested & Affected Party,

This email serves to inform you that Mobile Telecommunication Company (MTC) (The Proponent) is proposing for the Environmental Scoping Assessment (ESA) for the Proposed Construction and Operation of a 60m Lattice Telecommunication Tower located in Ijikokola Village and the Decommissioning/ closure plan for the Onangala Telecommunication Tower, in Omusati Region.

Telecommunication tower and related infrastructure developments are some of the listed activities that cannot be undertaken without an Environmental Clearance Certificate (ECC) as per the 2012 Environmental Impact Assessment (EIA) Regulations of the Environmental Management Act No. 7 of 2007. The Proponent, therefore, appointed Excel Dynamic Solutions (Pty) Ltd, an independent environmental consulting firm, to conduct the required Environmental Scoping Assessment (ESA) process and apply for the ECC.

Furthermore, Sections 21 to 24 of the EIA Regulations require that Public Consultation is undertaken as one of the crucial components of the Environmental Assessment, which involves the pre-identification of potential Interested & Affected Parties (I&APs) or Stakeholders and ongoing registration of new I&APs and subsequent consultation. You have therefore been identified as a potential I&AP for this proposed activity, and the reason you are receiving this communication. Please find the attached Background Information Document (BID) and Site Notice for the proposed project. Once the ESA process is completed, a draft ESA Report will be compiled and, together with its associated documents/appendices, will be shared with you for review and comments before we submit these to the Department of Environmental Affairs (DEA) of the Ministry of Environment and Tourism (MET) for evaluation and consideration of the ECC.

Please note that a Public Consultation Meeting is scheduled as follows:

Date: 26 March 2026

Time: 11H00

Venue: Onamandongo Center, Omusati Region

We hope to see you soon.

Kind regards

Ms. Iyaloo Nakale

Environmental Assessment Practitioner

Windhoek

Attention: Mr. Timotheus Mufesi

Dear Sir,

SUBMISSION: Environmental Scoping Assessment (ESA) for the Proposed Construction and Operation of a 60m Guyed Mast Telecommunication Tower located in Ilkokola Village, Omusati Region. (APP- 007016)

Mobile Telecommunication Company (MTC) (The Proponent) appointed Excel Dynamic Solutions Pty Ltd (a team of Independent Environmental Consultants) to conduct the required Environmental Scoping Assessment (ESA) process and apply for the Environmental Clearance Certificate (ECC) to the Competent Authority in accordance with the Environmental Management Act (EMA) No. 7 of 2007 and its 2012 EIA Regulations. Proposed Construction and Operation of a 60m Guyed Mast Telecommunication Tower located in Ilkokola Village, Omusati Region.

The ESA process is completed, and the Environmental Scoping Assessment Report and Draft Environmental Management Plan (EMP) are compiled and hereby submitted to the Ministry of Environment, Forestry and Tourism's Department of Environmental Affairs and Forestry for consideration of the ECC.

Please do not hesitate to contact us should you need further information.

Yours faithfully
