RE – REQUEST FOR A FOCUS GROUP MEETING WITH THE !OE#GAN TRADITIONAL AUTHORITY, OKOMBAHE

Dear Chief Immanuel N. /Gaseb,

Environmental Compliance Consultancy (Pty) Ltd (ECC) has been appointed by Damaran Exploration Namibia (Pty) Ltd as the environmental assessment practitioner to undertake an environmental and social impact assessment (ESIA) study for the proposed Kokoseb Gold Mine on exclusive prospecting licence (EPL) 4818, in the Erongo Region, Namibia.

On behalf of our client, Damaran Exploration Namibia (Pty) Ltd, we are writing to request a focus group meeting with the traditional authority council on the **17th of September 2024 (from 14H00)** at the traditional authority office in Okombahe. The meeting will serve as the foundation for on-going consultation during the ESIA process of the proposed Project. We also plan to engage the directly affected community at Swartklip #Nus Village on the 18th of September 2024. This is in fulfilment of the request made by the interested and affected parties (I&APs) during the initial round of public engagement meetings held in Uis and Okombahe in May 2024.

The background information document (BID) for the proposed Project can be accessed via our website at: <https://eccenvironmental.com/download/the-proposed-wia-gold-mine-project-erongo-region-namibia/>

Kindly respond in writing at your earliest convenience. Alternatively, you may contact us via our email at: info@eccenvironmental.com, or telephone at +26481 669 7608.

We eagerly anticipate your prompt response and appreciate your attention to this matter.

Yours sincerely,

Stephan Bezuidenhout
