

Date: 16 March 2026

To: Erf Owner(s)

Attention: Sir/Madam

PUBLIC NOTIFICATION: NOTICE TO ADJACENT LAND OWNERS AND OCCUPIERS

- **REZONING OF PORTION A (A PORTION OF ERF NO. 3785) NARRAVILLE EXTENSION 7, WALVIS BAY FROM "PUBLIC OPEN SPACE" TO "UTILITY SERVICES FOR THE CONSTRUCTION OF A SUB-STATION_ WALVIS BAY, ERONGO REGION, NAMIBIA.**

This letter serves as a formal notice to inform you of a proposed activity on the land adjacent (*Erf No.3785 Narraville Extension 7, Walvis Bay*) to your property, issued as part of the Environmental Management Regulations and the Public Participation Process.

Please be advised that an application is being prepared for the rezoning of the permanently closed Portion A (A portion of Erf No. 3785), situated in Narraville Extension 7, Walvis Bay. The rezoning seeks to change the land use from "Public Open Space" to "Utility Services" in order to allow for the construction of an electric substation for the transmission and supply of electricity. 3

Erongo RED proposes the construction of a substation as a permanent solution to the provision of electricity for dwelling units in the newly developed extension of Narraville. The proposed development is intended to support and improve electricity infrastructure within the area.

As part of the required environmental management and planning procedures, adjacent land owners and occupiers are hereby notified of the proposed activity and given an opportunity to raise any comments, concerns, or objections they may have.

In addition, should you wish to be registered as an Interested and Affected Party (I&AP) and receive further information regarding the proposed development, please complete the attached I&AP Comments Form and submit it within the prescribed public participation period.

Your input is valued and will be considered as part of the application process.

Yours in planning,

Mr. Harold Kisting
