Subject: Stakeholder identification for public consultation on the proposed prospecting and exploration activities on Exclusive Prospecting License (EPL) No. 10676 located approximately northeast of Otjiwarongo,

Dear Mrs Jenny,

As per our telephonic conversation, could you kindly please disseminate the information to the relevant stakeholders or any additional stakeholders within your network.

Afron Exploration Namibia (The Proponent) proposes to undertake prospecting and exploration activities on **Exclusive Prospecting License (EPL) No. 10676 located approximately 17 km northeast of Otjiwarongo, Otjozondjupa Region.**

Mineral prospecting and exploration is one of the listed activities that cannot be undertaken without an Environmental Clearance Certificate (ECC) as per the 2012 Environmental Impact Assessment (EIA) Regulations of the Environmental Management Act No. 7 of 2007. The Proponent, therefore, appointed Excel Dynamic Solutions (Pty) Ltd, an independent Environmental Consultants firm to conduct the required Environmental Scoping Assessment (ESA) process and apply for the ECC.

Furthermore, Sections 21 to 24 of the EIA Regulations require that Public Consultation is undertaken as one of the crucial components of the Environmental Assessment, which involves the pre-identification of potential Interested & Affected Parties (I&APs) or Stakeholders and ongoing registration of new I&APs and subsequent consultation. You have therefore been identified as a potential I&AP for this proposed activity, and the reason you are receiving this communication.

Please find the attached Background Information Document (BID) and the land use map for the proposed prospecting and exploration activities.

The EPL covers multiple farms, including: Warlencourt No.99, Jan Helpman No.358, Uitsig No.364, Neu Brakpan No.509, Nogverder No.535, Bellebenno No.363, Droehout No.407, Groenhout No.407, Otjenga No.362, Elandsvreugde No.367, Osonanga No.368, Nebraska Holding No.537, Aloegrove No.360, Bynadaar No.361, Elandsvreugde No.367, Osonanga No. 368, Rem_Okandivi No.322, Okandivi No.558, Padberg No.323, Boskop No.34, Hohenstein, Omverume north, Ls Mont No.405, Vlakplaats No.325, Bergview No.317, Vaalbos No.318, Hartebeestlaagte No.319 and Orupemparora No.320.

We would greatly appreciate if the landowners could kindly provide us with their names, farm names, and contact details so that we can register them as Interested and Affected Parties (I&APs).

We are currently working to finalize the date for the stakeholders engagement meeting and will provide further details once this information is available.

Kind regards,
